Happy New Year and welcome to another year of University Club activities. Reflecting on our successes in 2025, including a successful Big 10 Conference in June and our biggest attendance to date at the Fall Fair September 9, 2025. I am looking forward to an exciting lineup of activities in 2026.

As of January 31, 2026, we have 812 paid members, an increase of 67 members over this time last year. Our members are keeping busy with a variety of interest groups including a new “Cocktails and Conversation” group that meets monthly.

Adventures Unlimited, (our refocused Travel Interest Group), is trying something new for our club, a 3 day and 2-night bus trip to Kansas City and Bentonville, AR, May 6-8. This trip is open to members of the interest group as well as any of our University Club members. See page 3 of this Clarion for more information.

Spring 2026 promises to be more fun with multiple events scheduled for April and May. April is our bi-annual business meeting, where edits to the bylaws will be reviewed and voted upon. A copy of the bylaws edits is included in this issue of the Clarion. Your voice matters; join us at the April 14th business meeting to help shape our club’s future by voting on the bylaw revisions.

Mark your calendars and join us for these important events. Your participation makes our club stronger.

Thank you for the opportunity to lead this amazing group of women. I have made friends, been challenged to learn new things and found more interesting places to lunch. If only I could get better at Pickleball!

University Club Scholarship News

A Tradition of Giving: University Club Members Champion Scholarships

At the heart of every great university is a community that believes in education not just as an institution, but as a promise to future generations. Members of the University Club of Iowa City exemplify that belief through their consistent and generous support of scholarships that open doors for students to learn, grow, and lead.

Year after year, University Club members step forward with a shared commitment to investing in students. Their willingness to support scholarships reflects a deep understanding that education is transformational—not only for the individual recipient, but for families, communities, and society. These contributions help ease financial burdens, allowing students to focus on academics, leadership opportunities, and meaningful campus involvement rather than the stress of funding their education.

What makes this generosity especially powerful is the collective spirit behind it. Members support scholarships not for recognition, but out of a genuine desire to give back to the university that has shaped lives, careers, and lifelong friendships. Many donors were once students themselves, and their contributions represent a full-circle moment—ensuring today’s scholars have access to the same opportunities that once inspired them.

Scholarship support from University Club members also sends a powerful message to recipients: you are valued, and your potential matters. Knowing that a community believes in them often instills confidence and motivation that extends well beyond the classroom. For many students, these scholarships are not just financial assistance; they are affirmations of belonging and encouragement to strive for excellence.

The University Club’s culture of philanthropy demonstrates what is possible when a group of dedicated individuals unites around a common purpose. Through their ongoing willingness to support scholarships, members are shaping futures, strengthening the university community, and leaving a legacy of opportunity and generosity.
