

# CORPORATE FULL DAY ENDURO EVENT

**CORPORATE FULL DAY ENDURO EVENT:** This event style includes head-to-head team racing, complete with practice, qualifying, and a full endurance race with pit stops. This works great for groups of 30 or more. Each team will be able to view their team’s name on the timing and scoring board to see how they stack up against the others! This is a fantastic way to give everyone a chance to participate in a fun competition with an awesome team building environment.

There will be time in the schedule for a lunch break where you are welcome to carry in your own food, hire a food truck or make it easy and add on our catering option. We do not provide alcohol, but you can bring your own for a podium celebration or anyone who is not driving the rental karts. We will provide wristbands to those who are racing, and they will not be allowed to drink until after their wristband has been removed indicating they are done driving. Email [michele@mckkarting.com](mailto:michele@mckkarting.com) to book your event today!
