HELPING SMALL BUSINESSES THRIVE SINCE 1996

## BRINGING BIG TECHNOLOGY TO SMALL BUSINESSES

With our Techno ERP solution, small businesses can leverage big technology. Job shops, distributors, medical device companies, aerospace subcontractors, machine shops, sheet metal manufacturers, ink manufacturers, oilfield manufacturers, assembly houses, and many others use it. Our company designs software solutions for small businesses with revenue under 10 million and fewer than 100 employees.

To achieve this goal, Techno Resources Inc. utilizes a flexible approach that provides a complete solution, while allowing you to customize reports, screens, and request program changes as needed.

### WHAT ARE THE BENEFITS OF TECHNO ERP?

At Techno Resources, all core modules are offered at one cost-effective price. With Techno ERP, you receive Accounting, Sales, Inventory, Shop Floor, Quality, Maintenance, Reporting, AP/AR, Purchasing, and a variety of supporting modules.

### WHAT MAKES TECHNO ERP UNIQUE?

Our company goal is to optimize the implementation process by learning about your company's pain points first. A Techno Team representative is ready to discuss your concerns in advance of purchasing Techno ERP, free of charge. Schedule a consultation and customized demo today.
