PAY LATER

# BOOK NOW & PAY LATER

With the pay later option, you can book your flights now and choose to pay over a period that suits you. You have the option to spread the cost of your flights over weekly, fortnightly or monthly installments. This allows you to manage your budget effectively and avoid any financial strain.

The pay later option is interest-free, which means you won't have to pay any additional fees or charges. You can lock in today's flight prices by making a small deposit, which means you'll benefit from any future price increases.

By choosing to pay later, you have the flexibility to book your flights now and pay later, which means you won't have to wait until you have the full amount to book your flights. You can pay off your balance up until 3 days before your travel date, which gives you plenty of time to manage your finances and pay off your balance.
