SOLN Bilaws Article VIII amendment plus Schedule A, rather than continuing to add isolated clauses.

The official SOLN site before structuring this. It currently publishes the LOC CODE/U.S. BLACK CODE, the Declaration for the Historical Record / Ladder of Law, Executive Mandates, an Executive Memorandum and Enforcement Directive, Treasury materials, and an Executive Order authorizing issuance of LND. The Central Bank page also identifies the 2024 Restitution Act as SOLN's stated legal basis for LND and publishes related ledger, distribution memorandum, white paper, ISO 20022 and other materials.

ADDITION TO ARTICLE VIII — ACTIONS OF THE CORPORATION

(x) GOVERNING AUTHORITY AND LADDER OF LAW

The Corporation shall administer its corporate actions, programs, departments, Treasury operations, economic activities, partnerships, and SOLN Network according to the duly adopted governing instruments of the State of Loc Nation and the State of Loc Nation Ladder of Law.

For corporate administration, the governing framework shall be organized as follows:

FOUNDATIONAL AND CONSTITUTIONAL AUTHORITY
↓
SOLN LEGAL CHARTER / CONSTITUTION
↓
LOC CODE / U.S. BLACK CODE
↓
SOLN ACTS, LAWS, ORDINANCES AND TREATIES
↓
EXECUTIVE ORDERS, EXECUTIVE MEMORANDA, DIRECTIVES AND PROCLAMATIONS
↓
CORPORATE BYLAWS AND BOARD RESOLUTIONS
↓
SOLN TREASURY, CENTRAL BANK AND LND STANDARDS
↓
DEPARTMENTAL POLICIES, PROGRAM RULES AND OPERATING PROCEDURES
↓
MASTER MEMORANDA OF UNDERSTANDING AND SOLN NETWORK STANDARDS
↓
PROGRAM- AND JURISDICTION-SPECIFIC RULES
↓
PARTNER-SPECIFIC AGREEMENTS, IMPLEMENTATION SCHEDULES AND SCOPES OF WORK
↓
TREASURY AUTHORIZATIONS, LND ISSUANCES AND ALLOCATIONS

↓
INDIVIDUAL TRANSACTIONS AND DISBURSEMENTS
↓
SETTLEMENT → RECONCILIATION → REPORTING → AUDIT → CLOSEOUT

The Master MOU already establishes a governing hierarchy ending with partner-specific agreements/SOWs and individual transactions, so this provision brings that structure expressly into the bylaws.

Master MOU 081526.pdf

(xi) LOC CODE / U.S. BLACK CODE

The Corporation recognizes the State of Loc Nation LOC CODE / U.S. BLACK CODE as the organized body of SOLN codes, acts, laws, governing instruments, and permanent statutory provisions adopted and maintained within the SOLN governing framework.

The Corporation shall maintain and administer the LOC CODE / U.S. BLACK CODE together with subsequent amendments, additions, executive instruments, and related governing records.

The terminology is consistent with the 2024 Restitution/Enforcement filing, which defines the State of Loc Nation Code as SOLN's compilation of general and permanent statutes. Received 48 Restitution Act and Accountability (1).pdf The official SOLN website currently maintains a dedicated LOC CODE/U.S. BLACK CODE publication page.

(xii) EXECUTIVE ORDERS, MEMORANDA AND DIRECTIVES

The Corporation shall recognize, maintain, and implement duly adopted SOLN Executive Orders, Executive Memoranda, Enforcement Directives, Proclamations, Treasury Orders, and other executive instruments applicable to the Corporation and its programs.

Such instruments may establish, authorize, direct, or implement:

- SOLN departments and programs;
- restitution and economic-development initiatives;
- LND issuance and administration;
- Treasury and Central Bank operations;
- grants, appropriations and allocations;
- business and institutional participation;
- domestic and international programs;
- education, infrastructure and workforce initiatives;
- technology and financial infrastructure;
- reporting and accountability requirements; and
- other activities within the purposes and governing framework of the Corporation.

The official SOLN site presently publishes an Executive Order specifically addressing LND issuance and separately reports Executive Orders 1111 and 1112 concerning restitution, LND appropriations and fiscal accounting.

(xiii) OFFICIAL GOVERNING-INSTRUMENT REGISTER

The Secretary, Clerk, or designated records officer shall maintain an official SOLN Governing-Instrument Register.

Each registered instrument shall identify, as applicable:

Number → Title → Type → Adoption Date → Effective Date → Issuing Authority → Subject → Responsible Department → Program → Status → Amendment/Supersession History → Official Record Location

The register may include Acts, Codes, Executive Orders, Executive Memoranda, Directives, Proclamations, Board Resolutions, Treasury Orders, LND Standards, departmental rules, and other duly adopted governing instruments.

(xiv) RESTITUTION AND ECONOMIC-DEVELOPMENT PROGRAMS

Consistent with duly adopted SOLN governing instruments, including the 2024 State of Loc Nation Restitution/Enforcement framework, the Corporation may establish and administer restitution, economic-development, humanitarian, infrastructure, education, business-development, and community-investment programs.

Such programs may serve qualifying persons, businesses, institutions, and communities experiencing or historically affected by underfunding, underrepresentation, redlining, economic exclusion, displacement, systemic disinvestment, or other documented economic or humanitarian need.

(xv) GLOBAL PROGRAM SCOPE

The Corporation's public-benefit, restitution, humanitarian, and economic-development activities may be conducted domestically and internationally, including within qualifying communities in the United States, Africa, the Caribbean, the African Diaspora, Indigenous and Aboriginal communities, and other locations in which the Corporation establishes an authorized program or participating relationship.

The Corporation may establish relationships with persons, businesses, governments, municipalities, nonprofit organizations, educational institutions, financial institutions, humanitarian organizations, community organizations, and other qualified participants.

The SOLN website presently describes its jurisdiction as "All Global areas affected by Redlining."

(xvi) LND ECONOMIC PARTICIPATION

The Loc Nation Dollar ("LND") is designated by the Corporation as the currency and unit of account of the SOLN economic participation ecosystem.

The Corporation is authorized under its governing framework to:

DESIGN → ISSUE → ADMINISTER → ACCEPT → DISTRIBUTE → CIRCULATE → RECORD → RECONCILE → REPORT

LND for duly authorized SOLN programs and transactions.

The Corporation may develop paper, electronic, digital, account-based, ledger-based, and other authorized methods of representing, recording, administering, distributing, and circulating LND.

(xvii) LND ISSUANCE AND ALLOCATION

Authorized LND issuance shall be documented within the Corporation's Treasury and ledger records.

An issuance or allocation record shall identify, as applicable:

Authority → Date → Amount → Program/Fund → Recipient or Account → Purpose → Approving Officer → Ledger Entry → Supporting Instrument

The Corporation may establish Treasury reserves, operating allocations, restitution allocations, humanitarian allocations, infrastructure funds, educational funds, grants, economic-development funds, and other designated LND accounts or programs.

(xviii) INTERNATIONAL AND USD INTEROPERABILITY

The Corporation may establish and pursue interoperability between LND and USD-denominated and other currency-denominated commercial and financial systems throughout its domestic and international economic participation network.

The Corporation may establish agreements, accounts, systems, integrations, and operating relationships with financial institutions, technology providers, ERP providers, payment providers, custodians, settlement providers, businesses, governments, nonprofit organizations, educational institutions, and other institutions supporting LND interoperability, accounting, conversion, commerce, and settlement.

The SOLN Treasury site itself presently describes correspondent-bank, reserve-custodian, exchange-facilitator and Treasury-payment-agent functions as areas for institutional participation.

(xix) PARTICIPANT ACCOUNTS AND ONBOARDING

The Corporation may establish accounts, profiles, identifiers, credentials, and participation records for authorized individuals, businesses, vendors, employees, beneficiaries, institutions, governments, nonprofit organizations, educational institutions, and other SOLN participants.

Onboarding records may contain organizational, contractual, accounting, program, Treasury, compliance, authorization, and transaction information necessary to administer participation.

(xx) TREASURY AUTHORIZATION AND DISBURSEMENT

Authorized Treasury requests shall identify, as applicable:

1. Amount;
2. Purpose;
3. Program or transaction;
4. Governing authority;
5. Supporting documentation;
6. Recipient or destination account;
7. Required authorization; and
8. Applicable accounting and ledger treatment.

The Treasurer/Chief Financial Officer or authorized representative shall review and authorize Treasury requests and administer approved disbursements.

This follows the existing bylaws’ CFO structure GEORGIA Corporate Articles of Association SOLN.pdf and the 2024 filing’s request → verification → CFO approval → disbursement procedure.

Received 48 Restitution Act and Accountability (1).pdf

(xxi) TRANSACTION DOCUMENTATION AND ACCOUNTING

Material LND transactions shall be supported by an applicable source record, including a contract, invoice, grant, pledge, procurement, payroll obligation, allocation, transfer, purchase, settlement instrument, or other authorized documentation.

The Corporation’s records may identify:

Transaction ID → Authority → Parties → LND Amount → Transaction Date → Program → Source Document → Applicable Rate/Valuation → Accounting Entry → Settlement Status → Reconciliation Status

(xxii) SETTLEMENT AND CLOSEOUT

The Corporation may administer transactions through the following lifecycle:

AUTHORIZED → ISSUED/ALLOCATED → POSTED → TRANSFERRED/DISBURSED → SETTLED → RECONCILED → REPORTED → CLOSED

Transaction records shall preserve the documentation necessary to establish the status and history of each material transaction.

(xxiii) SECURITY, ACCESS AND APPROVAL CONTROLS

The Corporation may establish role-based access, approval limits, maker-checker controls, digital credentials, authentication procedures, transaction permissions, audit logs, cybersecurity controls, segregation of duties, and other administrative and technological controls for SOLN Treasury and LND systems.

(xxiv) CORRECTIONS, REVERSALS AND ADJUSTMENTS

The Corporation may establish procedures for correcting, reversing, adjusting, or reclassifying duplicate, erroneous, failed, unauthorized, returned, or otherwise adjustable transactions.

Original transaction records and subsequent corrective entries shall be preserved within the applicable audit trail.

(xxv) RECORDKEEPING, RECONCILIATION AND AUDIT

The Corporation shall maintain appropriate records of LND and Treasury activities, including issuance, allocations, distributions, transactions, balances, disbursements, recipients, dates, supporting documentation, reconciliations, financial reports, and closeout records.

The Corporation shall establish quarterly reporting, annual audits, independent review, segregation of duties, maker-checker controls, audit trails, and other financial controls necessary for administration of its Treasury and LND ecosystem.

The 2024 filing specifically contains detailed recordkeeping, quarterly reporting and annual independent-audit provisions.

Received 48 Restitution Act and Accountability (1).pdf

(xxvi) GLOBAL PARTICIPATION AND PARTNERSHIPS

The Corporation may establish domestic and international participation in the SOLN and LND economic ecosystem through agreements, memoranda of understanding, strategic partnerships, participation agreements, institutional agreements, procurement agreements, licenses, technology integrations, Treasury relationships, settlement relationships, and other duly adopted or executed instruments.

The Corporation may establish program-specific and jurisdiction-specific operating standards, accounting requirements, Treasury procedures, LND procedures, reporting requirements, and implementation schedules for such participation.

SCHEDULE A — REGISTER OF SOLN GOVERNING AUTHORITIES

Rather than rewriting the bylaws every time SOLN adopts another Executive Order, I recommend attaching a living Schedule A with columns for:

Instrument	Number	Date	Subject	Department	Status
Legal Charter / Constitution	SOLN 17	___	Foundational governance	Government-wide	Active
LOC Code / U.S. Black Code	Master Code	___	Codified SOLN laws	Government-wide	Active
SOLN Treaty	SOLN 26	___	Treaty framework	International	Active
Restitution/Enforcement Act	2024	July 2024	Restitution/Treasury	Revenue/Treasury	Active
Central Bank / LND	SOLN 71	___	LND/Central Bank	Treasury	Active
Executive Order	1111	Oct. 3, 2025	Restitution/LND appropriations	Treasury	Active

Executive Order	1112	Oct. 3, 2025	Fiscal accounting	Treasury	Active
LND Issuance Executive Order	___	___	LND issuance	Treasury/Central Bank	Active
Master MOU	081526	Aug. 15, 2026	Network participation	Enterprise-wide	Active

This gives the bylaws the complete governance chain you were asking for: authority → law/code → executive direction → restitution mission → global programs → LND issuance → Treasury → participant → transaction → settlement → reconciliation → audit → closeout.

[EC 1120]
