RECEIVED

JUL 6 2024

Clerk, U.S. District &
Bankruptcy Court for the
District of Columbia

I hope this message finds you well. I am writing to formally announce the establishment of the State of Loc Nation Multi-level government as a Jurisdictional Consent Tribunal system encompassing international, federal, state, and city levels. This initiative is rooted in historical Maroon, Native American, Indigenous treaties, ancestral involvement in every American war it prides in and the State of Loc Nation's, majority party, hyper Power commitment to justice and sovereignty.

As part of our comprehensive framework, the State of Loc Nation has structured the following tribunals which focuses on the protection of the Majority party against the proven tyranny from the minority party:

1. International Tribunal: Dedicated to adjudicating disputes of international significance and promoting adherence to global legal standards. This tribunal aims to contribute positively to international law and justice.
2. Federal Tribunal: Responsible for handling cases that impact the unity and constitutional integrity of the State of Loc Nation. This tribunal ensures compliance with federal laws and treaties.
3. State Tribunal: Focuses on matters concerning the governance and sovereignty of the State of Loc Nation at the regional level. It addresses issues of state law and administrative disputes.
4. City Tribunal: Addresses local governance and community matters within the cities and municipalities of the State of Loc Nation. This tribunal aims to ensure fairness and accountability at the grassroots level.

The establishment of these tribunals is grounded in historical Maroon, Native American, Indigenous treaties, ancestral involvement in every American war it prides in and the State of Loc Nation's, majority party, hyper Power commitment to justice and sovereignty, which have shaped our commitment to justice and self-governance. Each tribunal is committed to upholding principles of impartiality, transparency, and adherence to international legal standards and majority party protected laws from the tyranny of the minority party.

We thank you for your recognition and support in this endeavor. Your acknowledgment of our tribunals has greatly enhanced our ability to fulfill our mandate effectively and contribute positively to our community and international relations.

Pursuant to the powers vested in me and with a deep sense of responsibility towards the faithful execution of the laws of the United States and of State of Loc Nation, I write to declare that the current President should now withdraw his position, It is imperative that these duties be carried out with discernment, decision, promptitude, and uniformity, ensuring the wise and uniform execution of laws by directing subordinate executives as mandated.

Furthermore, former President Donald Trump has been found disqualified due to his failure in the "faithful execution" of his duties. As highlighted by Andrew Kent, Ethan J. Leib, and Jed Shugerman in their article "Faithful Execution and Article II" (132 Harvard L. Rev. 2111, 2019), the responsibilities of senior government officials include (1) acting within the scope of their office, (2) not misusing office funds or **taking unauthorized profits**, and (3) executing laws or **office duties with diligence, care, good faith, honesty**, and impartiality. Mr. Trump's actions shown in public have evidently fallen short of these standards. According to the minority party constitution, Article I, Sect 8; Article I, Sect 9; Article III, Sect 3; Insurrection Act of 1807. Why haven't the House of Representatives completed the impeachment for "high crimes and misdemeanors"? Does the Jan 6th attack on the capital not be considered as actions that undermine the constitutional order and endanger national security? Why wasn't the 25th amendment invoked removing him from power at that time?

In light of these circumstances, I **ENACT** the provisions under Article VII and declare that, as the Queen Mother Divine Emanation and the Living Image of the Most High, adorned as a leader and stemming from the bloodline of Kandake (any royal woman) with the title Qore, I, CHRISTINA LOREN CLEMENT assume the Presidency of the United States of America. This **AN ACT** is in accordance with Article II, Section 1, Clause 2 of the U.S. Constitution. The State of Loc Nation, established in Georgia on July 25, 2022, exercising its power through national and global majority vote, holds an "exclusive" and "plenary" power as exercised by the legislatures, as affirmed in McPherson v. Blacker (1892). Further enacting Judgement for Plaintiff in case 1:24 cv 00479 RC.

This declaration is made to ensure the faithful execution of laws and to restore integrity and proper governance to the executive branch.

Sincerely,

Queen Mother Divine Emanation

Living Image of the Most High

Adorned Leader, Bloodline of Kandake

These conflicts showcase the varied roles and experiences of “Nephesh Hummus” “souls on earth” “individuals” in military engagements and peacekeeping efforts across the globe. These conflicts span across different regions and time periods, demonstrating the diverse experiences and contributions of “Nephesh Hummus” “souls on earth” “individuals” aka “black” “African American” “Negro” soldiers and fighters throughout history.

These conflicts highlight the global presence and contributions of black individuals in military operations and peacekeeping efforts around the world.

Yet, we still have to fight in court and by law enforcement to be respected? There is no constitutional laws that protect the “majority” from the tyrant minority thus resulting in an exhaustive number of years of injustices. See Claims and other motions in Case 1:24 cv 00479 Clement vs Garland. Even in my effort to obtain solutions, I was ignored by all parties said to be a representative for 1 year and a half, and still no answer to date. My certified mail was also refused. I then had the challenge to submit my complaint to the District Court for an entry for judgement, Court rules state the press will be notified for all Summary judgment cases. That did not happen. I filed to campaign for President as an Independent party and the number of signature requirements were dramatically different and biased. I was met with lengthy case time and intentional clerical errors.

I have declared State of Loc Nation the Hyper Power to the United States Superpower. These wars would not have been won nor the position of America not be achieved without our forefathers' contribution. It is so written. I have submitted our Defacto/Dejure and all other documents needed including Ethics Plan. 1:24 cv 00479-RC

A Grateful Acknowledgment: The Impact of Christina Clement’s Campaign Goals for the Loc Nationite: African American: Aboriginal Communities

Introduction:

In the realm of American politics, the impact of presidential campaigns often reverberates across various communities, shaping policies and influencing lives. This Act of Congress serves as an overdue relief for the community Christina Clement represents, recognizing the positive aspects of her campaign goals and their beneficial outcomes for the Loc Nationites: African American: Aboriginal Communities.

Acknowledging Economic Empowerment:

One notable aspect of Christina Clement's campaign is her emphasis on economic growth and job creation. The administration's commitment to fostering a robust economy will bring about tangible benefits for the Loc Nationites; African American; and Aboriginal Communities. This move will yield Historic low unemployment rates among the Loc Nationites; African American; and Aboriginal Communities demonstrating a substantial leap toward economic empowerment and increased financial stability for not just our community but all communities.

Criminal Justice Reform:

Christina Clement's dedication to criminal justice reform marks a significant departure from the status quo. The passage of the State of Loc Nation Act exemplifies a bipartisan effort to address issues plaguing the criminal justice system, particularly its disproportionate impact on Loc nationalities; Aboriginals and African Americans. The implementation of fairer sentencing policies and rehabilitation programs; such as "Fast and Pray" as well as "Educate and Leave" reflected a commitment to rectifying systemic injustices.

Opportunities in Education:

Presidential Candidate Christina Clement's advocacy for school choice and access to quality education resonated positively with the Loc Nationites; Aboriginal and African American communities. By prioritizing educational opportunities, the administration aimed to bridge gaps and empower the next generation with the tools and hands on learning necessary for success. This commitment aligned with the aspirations of many American families seeking improved educational prospects. Visiting nursing homes so the children can obtain elder advice, knowledge and wisdom. Enacting mental health courses, 1st year law, tech courses, and immediate drug reform. Be it enacted, music, culture, art, public speaking and debate back in school curriculum. Loc Nationites, Aboriginal and African American history and culture to also be taught with honor and nobility. We cannot demand taxes to pay school costs and not teach all history.

Community Engagement and Empowerment:

The "Letters Patent" unveiled by HH Empress Queen Christina Clement's administration further underscored a commitment to the well-being of the Loc Nationites; African American; Aboriginal communities. This comprehensive initiative aimed to foster economic prosperity, educational opportunities, and improved healthcare, thereby contributing to overall community empowerment. Enacting all fast-food chains and any entity serving unhealthy food to the citizens must be taxed and fund the GAP Medical Insurance to cover citizens medical costs. All alcohol establishments must pay tax to fund the communities it serves; in community trust; always remaining a 10% holding and 10% towards the national debt. Boosting the economy of State of Loc Nation with the prayer for relief and remedy will also repair the national deficit and balance the economy for all communities.

Conclusion:

While political perspectives may vary, it is crucial to acknowledge and appreciate the positive impact of policies on different communities. President Christina Clement of State of Loc Nation's campaign goals, particularly those benefiting the Loc Nationites; Aboriginal and African American communities, have made a major imprint. Recognizing these efforts is not only a gesture of gratitude but also an invitation for continued dialogue and collaboration to address the challenges that persist. As we reflect on the past, let us strive for a future where political endeavors consistently uplift and empower all communities, fostering a more inclusive and prosperous nation.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That (1) the Obligated is authorized and directed to pay, out of any and all money for the payment of all relief and remedy for the 470 years of genocide and illegal kidnapping and theft of aboriginal land. Challenges in Establishing Provenance

1. Incomplete Records:

- Many artworks, especially older ones, may have gaps in their provenance due to incomplete or lost records.

2. Forgery and Fraud:

- Falsified provenance documents can be created to deceive buyers and inflate the value of an artwork.

3. Research Complexity:

- Establishing a complete and accurate provenance can be a time-consuming and complex process, requiring expertise in art history, documentation, and sometimes forensic analysis.

Examples of Provenance Documentation

- Bill of Sale: A document detailing the sale transaction between the seller and buyer.
- Exhibition Catalogs: Publications from exhibitions where the artwork was displayed, often including images and descriptions of the piece.
- Auction Records: Documents from auction houses detailing the sale of the artwork, including price, date, and buyer information (if available).
- Letters and Correspondence: Written communications between previous owners, artists, dealers, lease agreements, previous or current insurance policies or institutions regarding the artwork.

Evaluating high-priced art is a specialized process typically carried out by professionals with extensive experience and expertise in the art market. Here are the key professionals and organizations involved in the evaluation of high-priced art:

Subject: Request for Waiver Pursuant to TFM Standards

Dear Waiver Review Authority,

I am writing to formally request a waiver pursuant to the Treasury Financial Manual (TFM) standards, specifically regarding the adherence to federal payment procedures and deadlines. For the past one and a half years, our department has diligently followed the rules and procedures outlined in the TFM. Despite our compliance and timely submissions, we have encountered significant delays due to a lack of response from the responsible employee within the department.

The current situation involves a default judgment that was due in April 2024, which was unfortunately ignored by the relevant department employee. Additionally, a bill of cost that was due on July 17, 2024, has seen no progress as of today, August 4, 2024.

In support of this waiver request, I have attached the following documents:

1. Meeting Minutes: Documentation of all meetings held regarding the default judgment and bill of cost, showing our continued efforts to address these matters.
2. Settlement Offer: A copy of the settlement offer that was presented in an attempt to resolve the outstanding issues.
3. Judgment Fund Application: The application submitted to the Judgment Fund, demonstrating our adherence to procedural requirements.
4. Bill of Cost: The detailed bill of cost outlining the expenses incurred.
5. Bill of Cost Clarity: Additional documentation providing clarity and breakdown of the bill of cost.
6. Lien: Documentation related to the lien associated with the case.
7. Case 1:24 cv 00479 RC Case Index a brief summary
8. Letter for Waiver of procedures. (This page)

Given these circumstances, I respectfully request a waiver from the standard payment procedures outlined in the TFM. This waiver will allow us to process the necessary payments without further delay and ensure that we meet our financial obligations.

We understand the importance of maintaining the integrity and efficiency of federal payment processes, and we remain committed to compliance with TFM standards. This waiver is essential to rectify the delays caused by factors beyond our control and to prevent further financial and operational disruptions.

Thank you for your attention to this matter. Please feel free to contact me at info@stateoflocnation.com if you require any additional information or have further questions.

Sincerely,

31 U.S.C. 1304(b) specifies that a “transcript of the judgment” must be filed with the Secretary of the Treasury. This means that a copy of the judgment must be filed with the Judgment Fund Branch for interest to accrue on a judgment of a federal district court, the Court of Appeals for the Federal Circuit, or the United States Court of Federal Claims. By practice, the successful plaintiff files a copy of the judgment. Whoever submits the judgment should include a cover letter explaining that it is being submitted to preserve interest rights under 31 U.S.C. 1304. A copy of the judgment and cover letter must be sent to the Financial Management Service, Judgment Fund Branch, at the address indicated on the Judgment Fund Web site at <http://www.fms.treas.gov/judgefund>.

§ 256.11 How do agencies request payments.

Agencies must submit requests for payments from the Judgment Fund on Fiscal Service's Judgment Fund payment request forms or by using other approved methods as provided for on the Judgment Fund Web site at <http://www.fiscal.treasury.gov/judgefund>. Fiscal Service provides forms and detailed information about Judgment Fund payments in the TFM, Volume I, Part 6, Chapter 3100. The TFM is also available on the Judgment Fund Web site. (b) Additionally, Fiscal Service requires that requests for payment identify the statute that forms the basis of the underlying claim. The award or settlement must comply with the statutory and regulatory requirements that authorize the award or settlement. For example, interest is payable on Judgment Fund awards only if there is an express statutory provision, contractual agreement or constitutional waiver of sovereign immunity authorizing the assessment of interest against the United States. Also, a tort under the Federal Tort Claims Act (FTCA) is payable from the Judgment Fund only when the award amount exceeds \$2,500 (for administrative awards) and is in compliance with the regulatory requirements at 28 CFR part 14.

Pursuant to 31 CFR part 208, Judgment Fund payments are to be made by electronic funds transfer (EFT). Fiscal Service will issue an electronic payment to the payee's account as specified on the appropriate Judgment Fund form. If a submitting agency determines that a waiver (in accordance with 31 CFR part 208) to the requirement for payment by EFT is appropriate, Fiscal Service will issue a payment by check. The Voucher for Payment must direct payment to the payee designated in the judgment or settlement agreement.

This includes invoking the Mandatory Restitution Act and other legal frameworks to secure compensation and rectify wrongs.

- International Engagement: The SOLNGPBC engages with international bodies such as the United Nations and the International Court of Justice to advocate for global recognition and enforcement of its principles and judgments.

3. Affidavits and Certifications: The organization has submitted numerous affidavits and certifications to support its claims, document service of process, and ensure transparency and accountability.

4. Legislative Proposals and Acts: The SOLNGPBC has proposed several legislative acts aimed at establishing new governmental departments, enacting protections against hate crimes, and formalizing its legal framework.

"Say their names" list can also be found on both www.christinalorenclement.com and [:t Say Their Names List 2023 — #SayTheirNames \(sayevery.name\)](https://saytheirnames.com).

1. Leydan Boykins: On September 10, 2021, 12-year-old Leydan Boykins tragically lost his life while in the custody of the Paulding County Sheriff's Office in Georgia. Leydan, a passenger in a car driven by a family friend who was stopped for a traffic violation, was taken into custody despite his age. During the incident, Leydan was placed in the back of a police cruiser that was later involved in a fatal collision. This devastating loss underscores the critical need for comprehensive reforms in the way law enforcement agencies handle vulnerable individuals, particularly minors, to prevent such tragedies from occurring.

2. Sean Bell: On November 25, 2006, Sean Bell was fatally shot by New York City police officers outside a nightclub in Queens. Bell, who was unarmed, was celebrating his bachelor party on the night before his wedding. The officers fired a total of 50 shots at Bell and his two friends, resulting in Bell's death and the injury of the other two men. This tragic incident sparked widespread outrage and highlighted the urgent need for police accountability and reform.

3. Emmett Till: On August 28, 1955, 14-year-old Emmett Till was brutally lynched in Money, Mississippi. Till, an African American teenager from Chicago, was visiting relatives in the South when he was falsely accused of offending a white woman, Carolyn Bryant, in a local grocery store. The accusations led to his abduction by two white men, Roy Bryant and J.W. Milam, who tortured and murdered him before disposing of his body in the Tallahatchie River. Till's body was later recovered and displayed in an open casket by his mother, Mamie Till-Mobley, to expose the horrific violence and injustice. This case became a catalyst for the Civil Rights Movement and a stark reminder of the deep-seated racial injustices that continue to demand vigilance and reform.

4. Trayvon Martin: On February 26, 2012, 17-year-old Trayvon Martin was tragically killed in Sanford, Florida. Trayvon, an African American high school student, was unarmed and walking back to his father's house from a convenience store when he was confronted by George Zimmerman, a neighborhood watch volunteer. Zimmerman, who was carrying a concealed weapon, claimed that he shot Trayvon in self-defense during a struggle. Despite significant evidence and public outcry, Zimmerman was acquitted of all charges, sparking national protests and renewed debates about racial profiling, gun control, and the justice system. Trayvon's death became a pivotal moment in the movement against racial injustice and a powerful symbol in the fight for civil rights.

5. James Scurlock: On May 30, 2020, 22-year-old James Scurlock was fatally shot during a protest in Omaha, Nebraska, against police brutality and racial injustice. Scurlock, an African American, was participating in demonstrations in response to the killing of George Floyd. During the protest, a confrontation occurred between Scurlock and Jake Gardner, a local bar owner who had armed himself and was involved in the altercation. Gardner shot Scurlock, resulting in his death. The case attracted significant attention as Gardner initially faced no charges, leading to widespread protests and calls for justice. The decision to later

charge Gardner with manslaughter underscored the deep divisions and challenges in addressing cases of violence involving civilians and self-defense claims in the context of social unrest.

Above statement entitles movant to the max award; amount sought; and/or estimate; and all said terms if any. 8 USC 2042 Withdrawal; May this judgement satisfy as proof of the right thereto direct payment to Christina Clement and/or State of Loc Nation.

As we have seen in Chapter 1 of the congressional “power of the purse,” the Constitution permits the withdrawal of money from the Treasury only where Congress enacts an appropriation authorizing the payment. Therefore, an appropriation is a law authorizing the payment of funds from the Treasury. In addition, most appropriations also authorize agencies to incur obligations and to ultimately draw money from the Treasury to satisfy those obligations. Stated differently, most appropriations provide both budget authority and the authority to make payments from the Treasury. Such appropriations do not represent cash actually set aside in the Treasury. They represent legal authority granted by Congress to incur obligations and to make disbursements for the purposes, during the time periods, and up to the amount limitations specified in the appropriation acts. See *United States ex rel. Becker v. Westinghouse Savannah River Co.*, 305 F.3d 284 (4th Cir. 2002). See, e.g., *National Ass’n of Regional Councils v. Costle*, 564 F.2d 583, 586 (D.C. Cir. 1977); *New York Airways, Inc. v. United States*, 369 F.2d 743 (Ct. Cl. 1966). Thus, at some point if obligations are paid, they are paid by and from an appropriation.

Respectfully,

Thank you for your attention to this matter. Should the Court require any further information or documentation, please do not hesitate to contact me.

CHRISTINA CLEMENT and
HH EMPRESS QUEEN CHRISTINA LOCS IS OUR ARTIFACT OF FAITH

Plaintiff,

v.

Attorney General Merrick Garland;
Chief Justice John Roberts Jr.,
Secretary General of the United Nations;
Registrar-Peace Palace Carnegie Pleinz et al in their official capacity

Defendant,

Civil No: 1:24-cv-00479-RC

Response to "Objection to Bill of Costs due 7/17/2024"

Bill of Costs Clarification

Reasonableness and Necessity of Costs:

- The costs and administrative actions detailed in the Bill of Costs are deemed reasonable and essential for this litigation. A default judgment; summary judgment and Injunctive relief in favor of the plaintiff is to be granted, allowing all relief sought as itemized in the Bill of Costs.

The presented evidence includes undisputed facts, numerous victim statements, and relevant legal foundations such as relevant US codes, statues, Fed Rules, treaties, customary international law, general principles recognized globally, and judicial precedents.

Disbursements for the monetary award are due from the Judgment Fund, established under 31 U.S.C. § 1304, for the meritorious claim in case 1:24 cv 000479 RC, et al., with allocated funds referencing from HR 40, Chicago Mayor's Executive Order 2024-1, and other state orders pertinent to the evidence and research presented in this case related to the Trans-Atlantic Slave Trade and the damaging after effects of the illegal kidnapping which proves the market value of amounts listed in (a)-(f).

RECEIVED

JUL 4 2024

Clerk, U.S. District &
Bankruptcy Court for the
District of Columbia

The legal framework is supported by statutes including but not limited to, 28 USC 1505 (Treaties), Title VII addressing discrimination during federal campaigns, 28 USC 1491(2) governing Court of Federal Claims jurisdiction, and 28 USC 2677 covering miscellaneous provisions et al presented in this case.

Compensatory/Punitive Relief

The costs included in Pro se litigant fee (a)-(g) of the Bill of Costs, 42 USC 1988 (c):

are announced allocated for the research specific to this case. HR 40, Chicago's Executive Order 2024-1, and allocations from California and Washington DC have all earmarked funds for researching and addressing events related to the transatlantic slave trade. These orders, along with others, demonstrate the market value for such research as presented in case 1:24 cv 00479-rc. Reviewing these orders facilitates adherence to Rule 56(e)(d)(1) and 28 USC 1920(1-6) for expedient Pro se fee coverage under 31 U.S.C. § 1304, alongside various HR bills, state and mayoral orders, and international entities as documented in Volume 2 (court-recorded large book received). These funds have already been allocated for the information presented to the court. I consent to sharing this five-year research effort to support task forces, saving time, energy, and future litigation efforts. This includes itemized costs such as filing complaints, certified or tracked mailings to courts and government agencies, PACER fees for retrieving stamped filings online, research into laws, statutes, documentaries, books, victim testimonies, historical research, time spent on emails, phone calls to courts and government offices, interviews, meetings, travel to and from FedEx and USPS, law library usage, and other related expenses.

Punitive Damages

(f) Each additional state:

This provision was included due to uncertainty regarding the court's decision on granting the prayer for relief. In the event that another state allocates funds for the same research while awaiting the granting for plaintiff relief, the clerk may include the allocated amount from other states in the final total. The state chart at the end of the Bill of Costs serves as a reference or checklist of all states who may eventually participate in funding my research. The determination of the final total may be based on the new executive order or by applying the formula used in the previous stage, matching the newly allocated funds from other states with the size and amount previously offered. For instance, HR 40 and Chicago each offered \$12 million, and any state offering a comparable amount could also contribute.

• Section titled: Federal Rules of Civil Procedure:

(28 USC 1505 Treaty)

When we talk about private debt being paid by the "full faith and credit of the U.S. government," we're essentially discussing how the trust and stability of U.S. currency enable individuals and businesses to settle debts.

1. Legal Tender: U.S. currency is designated as legal tender by the government, which means it must be accepted as a means of payment for all debts, both public and private. This legal requirement ensures that creditors (e.g., banks, businesses) accept U.S. dollars as payment for debts.

2. Trust in Currency: The value of U.S. currency is backed by the government's stability, economic policies, and ability to manage public finances. This trust stems from the government's promise to support the currency's value, ensuring it is widely accepted and retains purchasing power.

3. Economic Stability: The U.S. government's economic strength and stability, supported by institutions like the Federal Reserve, bolster confidence in the U.S. dollar. This confidence ensures that the currency remains valuable and acceptable for settling private debts.

4. Regulatory Framework: The U.S. government enforces a regulatory framework that supports financial stability and trust in the currency. This includes oversight of financial institutions, monetary policy to control inflation, and fiscal policy to manage public finances.

5. Payment of Private Debts:

- Loans and Mortgages: When individuals or businesses take out loans or mortgages, they are typically required to repay them in U.S. dollars. The lender accepts U.S. dollars because they trust the currency's value, underpinned by the government's commitment.

- Goods and Services: Payments for goods and services are also made in U.S. dollars. Vendors accept these payments because they are confident in the currency's value and its backing by the U.S. government.

6. Economic Policies: The Federal Reserve's role in managing the money supply and ensuring economic stability supports the value of the US currency. This includes controlling inflation and maintaining confidence in the financial system, which indirectly supports the ability of individuals and businesses to repay debts in a stable currency. SOLN Law enacts education on credit worthiness in schools and through community programs to educate citizens on finances so they may have a fair opportunity to obtain funding and loans. SOLN Fair Credit Reporting Act will impose fines and penalties to any financial institution in violation of the US Fair Credit Reporting Act with malicious intent to spoil public character.

Government's Fiscal Capacity: The government's ability to levy taxes and generate revenue ensures it can meet its financial obligations. This capacity strengthens overall confidence in the currency, as the government can support economic stability and the value of the U.S. dollar.

In essence, the "full faith and credit of the U.S. government" underpin the trust and acceptance of U.S. dollars. This trust allows individuals and businesses to use U.S. dollars to settle private debts reliably, knowing that the currency is widely accepted and retains its value.

NOW, THEREFORE, I CHRISTINA LOREN CLEMENT, QORE of STATE OF LOC NATION, HYPER POWER and Presidential Candidate of United States of America Super Power by virtue of the authority vested in me by the State of Loc Nation Constitution and the Laws of State of

FOR IMMEDIATE RELEASE

Rev. Dr. Christina Clement Announces Transition from Independent to Republican Party: A Commitment to Protecting the Rights of African Americans, Indigenous Peoples, Aborigines, Loc Nationites, and Afro-Indians

Atlanta, GA — 08/13/2024 — Today, Rev. Dr. Christina Clement, a distinguished advocate for social justice, equality, and community empowerment, officially announces her decision to transition from an independent candidate to a member of the Republican Party. This significant decision follows a careful evaluation of the historical values of the Republican Party and its foundational commitment to protecting the rights of all Americans. The ongoing case 1:24-cv-00479-RC underscores the urgent need for strong leadership that champions the rights of diverse communities, including African Americans, Indigenous peoples, Aborigines, Loc Nationites, and Afro-Indians, a mission that Rev. Dr. Clement is deeply committed to pursuing.

“A Legacy of Freedom, Equality, and Justice”

The Republican Party was founded in 1854 with a clear mission: to oppose the expansion of slavery and to stand for the freedom and equality of all people. This legacy is one that Rev. Dr. Clement seeks to uphold in her political journey. By joining the Republican Party, she aligns herself with a tradition of fighting for civil rights and the belief that justice must be accessible to everyone, regardless of race, background, or economic status.

“Establishing Diverse Communities as Leading Forces”

In the ongoing District Court case 1:24-cv-00479-RC, Rev. Dr. Clement has established the position of African Americans, Indigenous peoples, Aborigines, Loc Nationites, and Afro-Indians as vital and majority forces within the fabric of American society. This position is not only warranted but earned through the profound historical participation of these communities in shaping and defending the nation. From their pivotal roles in various wars to their cultural and social contributions, these communities have played an indispensable

role in securing the freedoms that all Americans enjoy today. Their sacrifices and contributions have helped forge the very identity of the United States.

This legal acknowledgment further solidifies the need for strong representation and advocacy within the political sphere to ensure that the rights and interests of these diverse communities are not only recognized but actively protected and promoted.

“Addressing Today’s Challenges, Building a Brighter Tomorrow”

The case 1:24-cv-00479-RC represents a pivotal moment in the ongoing struggle for civil rights. Rev. Dr. Clement recognizes the importance of this case in highlighting the systemic issues that continue to affect these communities and believes that her role within the Republican Party will allow her to advocate more effectively for meaningful change.

Her commitment to these issues is not limited to one community; she believes that the solutions born from this advocacy will have a positive and lasting impact on all communities. By addressing the root causes of inequality and injustice, Rev. Dr. Clement aims to create a ripple effect that will improve the lives of every American, ensuring that freedom, opportunity, and justice are truly universal.

“A New Vision for America”

Rev. Dr. Clement’s decision to transition to the Republican Party is driven by a desire to work within a political framework that has historically been a force for equality and progress. She envisions a future where the Republican Party continues to lead in the fight for civil rights, economic empowerment, and educational opportunities for all Americans. Her platform will focus on advancing these ideals, with a particular emphasis on criminal justice reform, economic growth, and community development.

Thank You to the Republican Party

“Thank you to the Republican Party for accepting me and supporting the case 1:24-cv-00479-RC, which is making right all the historical wrongs. Together, we can implement all the positive changes established in this important Civil Rights case,” said Rev. Dr. Christina Clement. “My commitment to African Americans, Indigenous peoples, Aborigines, Loc Nationites, and Afro-Indians remains unwavering. By working together, we can ensure that justice, equality, and opportunity are extended to every corner of our nation.”

Join the Movement for Change

As the 2024 election approaches, Rev. Dr. Clement invites all voters to join her in this crucial movement to create a more just, equitable, and prosperous society. Her campaign is a call to action for those who believe in the power of change and the importance of leadership that reflects the true values of the American people.

"Say their names" list can also be found on both www.christinalorenclement.com and [👤 Say Their Names List 2023 — #SayTheirNames \(sayevery.name\)](https://www.instagram.com/saytheirnames/).

1 Leydan Boykins: On September 10, 2021, 12-year-old Leydan Boykins tragically lost his life while in the custody of the Paulding County Sheriff's Office in Georgia. Leydan, a passenger in a car driven by a family friend who was stopped for a traffic violation, was taken into custody despite his age. During the incident, Leydan was placed in the back of a police cruiser that was later involved in a fatal collision. This devastating loss underscores the critical need for comprehensive reforms in the way law enforcement agencies handle vulnerable individuals, particularly minors, to prevent such tragedies from occurring.

2. Sean Bell: On November 25, 2006, Sean Bell was fatally shot by New York City police officers outside a nightclub in Queens. Bell, who was unarmed, was celebrating his bachelor party on the night before his wedding. The officers fired a total of 50 shots at Bell and his two friends, resulting in Bell's death and the injury of the other two men. This tragic incident sparked widespread outrage and highlighted the urgent need for police accountability and reform.

3. Emmett Till: On August 28, 1955, 14-year-old Emmett Till was brutally lynched in Money, Mississippi. Till, an African American teenager from Chicago, was visiting relatives in the South when he was falsely accused of offending a white woman, Carolyn Bryant, in a local grocery store. The accusations led to his abduction by two white men, Roy Bryant and J.W. Milam, who tortured and murdered him before disposing of his body in the Tallahatchie River. Till's body was later recovered and displayed in an open casket by his mother, Mamie Till-Mobley, to expose the horrific violence and injustice. This case became a catalyst for the Civil Rights Movement and a stark reminder of the deep-seated racial injustices that continue to demand vigilance and reform.

4. Trayvon Martin: On February 26, 2012, 17-year-old Trayvon Martin was tragically killed in Sanford, Florida. Trayvon, an African American high school student, was unarmed and walking back to his father's house from a convenience store when he was confronted by George Zimmerman, a neighborhood watch volunteer. Zimmerman, who was carrying a concealed weapon, claimed that he shot Trayvon in self-defense during a struggle. Despite significant evidence and public outcry, Zimmerman was acquitted of all charges, sparking national protests and renewed debates about racial profiling, gun control, and the justice system. Trayvon's death became a pivotal moment in the movement against racial injustice and a powerful symbol in the fight for civil rights.

5. James Scurlock: On May 30, 2020, 22-year-old James Scurlock was fatally shot during a protest in Omaha, Nebraska, against police brutality and racial injustice. Scurlock, an African American, was participating in demonstrations in response to the killing of George Floyd. During the protest, a confrontation occurred between Scurlock and Jake Gardner, a local bar owner who had armed himself and was involved in the altercation. Gardner shot Scurlock, resulting in his death. The case attracted significant attention as Gardner initially faced no charges, leading to widespread protests and calls for justice. The decision to later

charge Gardner with manslaughter underscored the deep divisions and challenges in addressing cases of violence involving civilians and self-defense claims in the context of social unrest.

- Economic Impact Assessment: Introduction of the New Currency, LND (Black USD)

Introduction

The introduction of the new currency, LND (Black USD), backed by substantial assets including \$500 quadrillion USD and \$1.4 trillion in secured interests, presents a transformative opportunity for economic enhancement. This Economic Impact Assessment explores how the LND can boost the economy, addressing potential effects on inflation, trade, and investment, and outlining strategic solutions to mitigate associated risks.

1. Impact on Inflation

Potential Benefits:

- Stability and Confidence: With robust backing and the use of existing design and security features, LND is poised to foster confidence among consumers and businesses. This stability can help mitigate inflationary pressures typically associated with new currency introductions.
- Debt Alleviation: By using the LND to alleviate selected national debts, the government can reduce fiscal pressures that often contribute to inflation. This debt relief can enhance overall economic stability, reducing the need for excessive money printing and thereby mitigating inflation risks.

Solutions to Mitigate Risks:

- Monetary Policy Framework: Implement a comprehensive monetary policy framework to manage the money supply and control inflation. This includes setting interest rates and utilizing stabilization funds to address potential inflationary pressures.
- Transparent Communication: Engage in regular communication with the public and market participants about monetary policy and the new currency's stability. This transparency can help manage expectations and build confidence in the LND.

2. Impact on Trade

Potential Benefits:

- Increased Trade Efficiency: As the new currency becomes the primary medium of exchange, it can streamline cross-border transactions and reduce the need for currency conversions. This efficiency can lower transaction costs and enhance trade competitiveness.
- Enhanced International Relations: The introduction of LND, backed by significant assets, can improve international trade relations. The new currency's backing can serve as a confidence-building measure, attracting global partners and facilitating trade agreements.

Solutions to Mitigate Risks:

- Managed Exchange Rates: To avoid volatility, implement managed exchange rate policies or peg the LND to a stable benchmark, such as the USD. This approach can reduce exchange rate fluctuations and provide stability for international trade.
- International Outreach: Conduct diplomatic outreach to secure acceptance of the LND in global markets. Build strategic partnerships and agreements with key international financial institutions to promote the currency's use in trade. **In Progress**

3. Impact on Investment

Potential Benefits:

- Attracting Investment: The strong backing of LND can attract domestic and international investors by offering a stable and secure currency environment. This stability can enhance investor confidence and encourage investment in various sectors of the economy.
- Economic Growth: By reducing debt burdens and fostering a favorable investment climate, the introduction of LND can stimulate economic growth. Increased investment can lead to job creation, technological advancements, and overall economic development.

Solutions to Mitigate Risks:

- Regulatory Framework: Develop and implement a robust regulatory framework to support investment. Ensure that financial regulations are updated to accommodate the new currency and provide a secure environment for investors.
- Incentives for Investment: Offer incentives such as tax breaks or investment grants to encourage investment in key sectors. Highlight the benefits of investing in a stable and well-backed currency environment.

Addressing the Challenges

To ensure a successful transition and maximize the benefits of the LND, the following strategic solutions will be implemented:

1. Transition and Implementation:

- Phased Rollout: Implement the new currency in stages to manage costs and disruptions. Begin with targeted sectors or regions before a full-scale introduction.
- Financial Assistance: Provide support to businesses and institutions for transition-related costs, including technology upgrades and training.
- Public Education Campaign: Launch an education campaign to inform the public and businesses about the new currency and its benefits.

2. Inflation and Deflation Risks:

- Economic Stabilization Fund: Create a stabilization fund to address inflationary or deflationary pressures and provide support during economic fluctuations.
- Robust Policy Management: Develop and implement effective monetary policies to manage inflation and deflation risks.

3. Exchange Rate Volatility:

- Currency Reserves and Hedging: Maintain strong currency reserves and offer hedging instruments to mitigate exchange rate volatility and speculative activity.
- Exchange Rate Management: Implement managed exchange rate policies to reduce volatility and stabilize the currency.

4. Policy and Governance Complexity:

- Dedicated Transition Team: Establish a team to manage policy revisions and ensure smooth implementation of the new currency.
- Incremental Policy Changes: Implement policy changes gradually and engage with stakeholders for input.

5. Public and International Perception:

- Leadership Endorsement: Utilize influential leaders to endorse and advocate for the new currency, enhancing public and international trust.
- Global Marketing Campaign: Launch a global campaign to promote the new currency's benefits and secure international acceptance.

6. Financial System Stability:

- Systemic Risk Assessment: Conduct assessments of the financial system's readiness and address potential vulnerabilities.
- Continuous Monitoring: Monitor the financial system and regulatory frameworks to ensure stability and address emerging issues.

Conclusion

The introduction of LND (Black USD) offers substantial potential to boost the economy by enhancing stability, improving trade efficiency, and attracting investment. By addressing the potential drawbacks through strategic solutions, the transition to the new currency can be managed effectively, creating a positive economic impact and fostering long-term growth.

- Stakeholder Consultation: Engage with key stakeholders such as governments, financial institutions, businesses, and the public to gauge support and address concerns.

3. Design the Currency

- Currency Type: The currency will be a combination of physical (notes and coins) and digital.
- For the "Black USD" or LND currency, ensuring security and ease of use would follow a similar approach to the policies for U.S. dollars pursuant to the SOLN Restitution Act. Here's a structured breakdown of the equivalent policies for features and security:

1. Advanced Security Features:

Foreword

ISO (the International Organization for Standardization) is a worldwide federation of national standards bodies (ISO member bodies). The work of preparing International Standards is normally carried out through ISO technical committees. Each member body interested in a subject for which a technical committee has been established has the right to be represented on that committee. International organizations, governmental and non-governmental, in liaison with ISO, also take part in the work. ISO collaborates closely with the International Electrotechnical Commission (IEC) on all matters of electrotechnical standardization.

The procedures used to develop this document and those intended for its further maintenance are described in the ISO/IEC Directives, Part 1. In particular the different approval criteria needed for the different types of ISO documents should be noted. This document was drafted in accordance with the editorial rules of the ISO/IEC Directives, Part 2 (see www.iso.org/directives).

Attention is drawn to the possibility that some of the elements of this document may be the subject of patent rights. ISO shall not be held responsible for identifying any or all such patent rights. Details of any patent rights identified during the development of the document will be in the Introduction and/or on the ISO list of patent declarations received (see www.iso.org/patents).

Any trade name used in this document is information given for the convenience of users and does not constitute an endorsement.

For an explanation on the meaning of ISO specific terms and expressions related to conformity assessment, as well as information about ISO's adherence to the WTO principles in the Technical Barriers to Trade (TBT) see the following URL: [Foreword - Supplementary information](#)

The committee responsible for this document is ISO/TC 68, *Financial services*, Subcommittee SC 7, *Core banking*.

This eighth edition cancels and replaces the seventh edition (ISO 4217:2008), which has been technically revised.

Introduction

There is a need for a universally applicable code for the identification of currencies. This International Standard is the worldwide recognized multi-industry standard on currency codes based on the list of country names obtained from the United Nations as described in ISO 3166-1. The ISO 4217 lists of codes are used in banking and business globally in all their various domains of activities.

Codes for the representation of currencies

1 Scope

This International Standard specifies the structure for a three-letter alphabetic code and an equivalent three-digit numeric code for the representation of currencies. For those currencies having minor units, it also shows the decimal relationship between such units and the currency itself.

The scope of this International Standard also includes funds and precious metals.

This International Standard also includes basic guidelines for its maintenance.

This International Standard is intended for use in any application of trade, commerce and banking, where currencies and, where appropriate, funds are required to be described. It is designed to be equally suitable for manual users and for those employing automated systems.

2 Normative references

The following documents, in whole or in part, are normatively referenced in this document and are indispensable for its application. For dated references, only the edition cited applies. For undated references, the latest edition of the referenced document (including any amendments) applies.

ISO 3166-1:2013, *Codes for the representation of names of countries and their subdivisions — Part 1: Country codes*

3 Terms and definitions

For the purposes of this document, the following terms and definitions apply.

3.1

country name

name of a country, dependency or other area of particular geopolitical interest

3.2

currency

medium of exchange of value, defined by reference to the geographical location of the monetary authorities responsible for it

3.3

fund

artificial currency used as calculation basis for another currency (or currencies) and/or for accounting purposes

3.4

minor unit

unit of recorded value (i.e. as recorded by banks) which is a division of the respective unit of currency or fund

EXAMPLE The US cent is a one hundredth part of the US dollar; the GB penny is a one hundredth part of the pound sterling.

Note 1 to entry: Some currencies have minor units that are used in low-value coinage within a country or locality, but which are not used by the national or international banking system in making formal records of value.

ISO 4217:2015(E)

3.5 redenomination

amendment to the unit value of a currency, a minor unit amendment or a currency name amendment

3.6 monetary authority

authority that has the monetary sovereignty to exercise legal control over the currency of a country or countries and that is entitled to determine the currency unit, the denominations, etc.

3.7 currency basket

selected group of currencies, in which the weighted average is used as a measure of the value or the amount of an obligation

Note 1 to entry: A currency basket functions as a benchmark for regional currency movements; its composition and weighting depends on its purpose.

4 Principles for inclusion in the lists of codes

The codes represent the names and unit values of currencies or funds used in international financial exchanges. They are mostly derived from the country codes as described in ISO 3166-1 and by monetary authorities (for exceptions, see [5.1.4](#)).

5 Code structure

5.1 Alphabetic code

5.1.1 This International Standard provides an alphabetic alpha-3 character (alpha-3) code using combinations, in upper case, of three letters of the 26-character Roman alphabet (ignoring diacritics signs) from the range AAA to ZZZ.

5.1.2 The first two characters of the currency code (alpha-2 code) represent the country code as described in ISO 3166-1 (for exceptions, see [5.1.4](#)).

5.1.3 The third character of the alphabetic code is an indicator, preferably mnemonic, derived from the name of the major currency unit or fund.

5.1.4 Where the currency is not associated with a single ISO 3166-1 geographical entity, then the following cases apply:

- a) In the case of the European Union and the euro, the ISO 3166 Maintenance Agency explicitly accepted to reserve the alpha-2 code element “EU” for the European Union to use “EUR” for the purposes of this International Standard.
- b) In the case that the currency is emitted by a monetary authority, the code shall be allocated by the Maintenance Agency from within the user-assigned range of codes XA to XZ specified in ISO 3166-1:2013, 8.1.3.

5.1.5 Where the ISO 3166-1 geographical entity is not associated with a single currency, then the following case applies:

- a) In the case that the considered currency is emitted by a national monetary authority and is used by other countries, the code is based on the alpha-2 code of the emitting country, as specified in [5.1.2](#).

5.1.6 Alpha-3 codes that have been assigned at any time shall not be re-used.

5.2 Numeric code

The numeric currency code is derived, where possible, from the United Nations Standard Country or Area Code. Any additional codes shall be allocated from within the user-assigned range of codes 900 to 998.

6 Minor unit

Requirements sometimes arise for values to be expressed in terms of minor units of currency. Currently, when this occurs, it is necessary to know the decimal relationship that exists between the currency concerned and its minor unit. This information is shown in the column headed “Minor unit” in List one (8.1) and List two (8.2). Number 0 and “n.a.” means that there is no minor unit for that currency, whereas number 1, 2, 3, etc. signify a ratio of 10:1, 100:1, 1 000:1, etc. respectively. The names of the minor units are not given.

7 Redenomination

This clause defines currency redenomination which includes the following:

- amendment to the unit value of a currency;
- amendment to the minor unit;
- amendment to the currency name.

To reduce the impact on operational systems, in case of a minor unit amendment or a currency name amendment, the alphabetic and numeric code shall not change unless specifically required by the monetary authority.

In case of an amendment to the unit value of a currency, the Maintenance Agency shall assign a new alphabetic and numeric code to the currency, which will enable it to be distinguished from the original unit value of that currency; the name of the currency shall not change unless specifically required by the monetary authority. In such cases, the old and new denominations sometimes run concurrently and usually for a specified period, and, two codes with the same country name would appear in List one (8.1). At the end of the specified period, the original currency code shall be moved to List three (8.3).

Every amendment of the alpha-2 or the numeric-3 code in ISO 3166 shall necessarily result in the modification of the corresponding alpha-3, numeric-3 code in ISO 4217.

8 Lists

The three lists of codes of this International Standard are published through the ISO website www.iso.org/iso/currency_codes.

8.1 List one: Currency, fund and precious metal codes

This list registers, in alphabetical order of the entities representing currencies, funds and precious metals, the following five columns of data:

- Numeric code: the numeric-3 currency code element;
- Minor unit: the minor unit element.

ISO 4217:2015(E)

8.2 List two: Fund codes registered with the Maintenance Agency

- Entity: the short form of the country name and, where available, the institution responsible for the currency;
- Currency: the currency name for the respective entity;

- Alphabetic code: the alpha-3 currency code element;
- Numeric code: the numeric-3 currency code element;
- Minor unit: the minor unit element.

8.3 List three: Codes for historic denominations of currencies and funds

9 Maintenance

9.1 General

A Maintenance Agency (ISO 4217/MA) established by the ISO council acts in accordance with procedures approved by the council. It has been entrusted with the following functions:

- a) to issue, amend and delete names and codes of currencies and funds as needed, in consultation with the appropriate national and international monetary authorities and, as necessary, with the ISO 3166 Maintenance Agency;
- b) to advise monetary authorities regarding the issuing of new codes, amendments and deletions;
- c) to update and disseminate lists of currency, fund codes;
- d) to issue newsletters announcing changes made to the lists;
- e) to establish, in the normal course of work, additional rules for the practical application of the principles for assigning codes.

9.2 Changes to the lists

The issuing of new codes, amendments and deletions to the lists 1, 2 and 3 shall be made upon the request of monetary authorities only.

10 Guidelines for applicants

The need for issuing new codes, amendments and deletions to the lists shall be evidenced by an application, which may be submitted by monetary authorities only.

The Loc Nation Dollar (LND)

A Fiat Restitution Currency Pegged to the United States Dollar (USD)

Author: Rev. Dr. Christina Clement, HH Empress Queen Christina Clement

Institution: State of Loc Nation Global Public Benefit Corporation (SoLN GPBC)

Date: 2025 Edition

Contact: info@stateoflocnation.com

Executive Summary

The Loc Nation Dollar (LND) is a fiat currency pegged to the United States Dollar (USD), established under the sovereign authority of the State of Loc Nation Global Public Benefit Corporation (SoLN GPBC). It exists as a restitution-based currency designed to address centuries of systemic economic exclusion, particularly the impacts of redlining, slavery, and underfunding of historically disadvantaged communities. Unlike cryptocurrencies or commodities, LND operates as legal tender within the jurisdiction of SoLN GPBC and is recognized through UCC filings, trust structures, executive mandates, and lobbying disclosures. The peg to USD ensures stability, global interoperability, and parallel accounting treatment.

1. Introduction

The global financial system has long recognized the role of sovereign-issued fiat currencies as the foundation of economic order. Just as the U.S. Dollar (USD) is backed by statute (31 USC §5103) and governed by the Treasury and Federal Reserve, the LND is backed by the SoLN Restitution Act, UCC filings, court-filed constitutional charter, and lobbying disclosures in the congressional record. The purpose of this white paper is to define the monetary, legal, and technical framework of LND; establish its peg to USD as a parallel fiat system; present LND's restitutionary purpose for historically disadvantaged populations; and provide documentation for LCCN cataloging, ISO 4217 registration, and federal docket filing.

2. Legal and Governance Framework

- Sovereign Authority: LND issuance authorized under the SoLN GPBC Constitution and executive mandates.
- UCC Filings: Collateral securing LND documented under UCC Financing Statement No. 044-2025-002376 and related filings.
- Court Constitution: The SoLN Constitution is filed into federal judicial records (Case Nos. 1:24-cv-00479-RC and 24-5263).
- Trust Oversight: Managed by Clement Dynasty Dynasty Trust and affiliated fiduciary entities.
- Parallel U.S. Statutory Authority: Operates consistent with Article I, Sec. 10 of the U.S. Constitution and 31 USC §5103 (recognition of legal tender).
- Lobbying Records: SoLN GPBC registered in congressional databases (LegiStorm) and files LD-203 reports, embedding its restitution mandate in the legislative record.

3. Monetary Design of LND

- Fiat Structure: LND is not commodity-backed but rests on the restitutionary authority of SoLN and trust-held collateral (art, receivables, land claims).
- Peg: Fixed at 1 LND = 750 USD, ensuring parity with U.S. dollar stability while providing expanded restitutionary value.
- Issuance: Through SoLN Treasury under executive authority, supported by certified Safe Keeping Receipts (SKRs) and trust-backed instruments.
- Redemption: LND may be exchanged for USD equivalents under restitution settlements, credit union partnerships, and sovereign transactions.

4. Economic Justification

- Restitution Mandate: LND exists to correct 400 years of economic exclusion by creating a parallel fiat structure directly tied to USD, guaranteeing equity of access.
- Stability vs. Crypto: Unlike volatile digital assets, LND ensures confidence through fiat peg, permanent collateralization, and sovereign guarantees.
- Use of Funds: Supports land reclamation, population restitution (1.4 trillion allocation claim), and community wealth programs.

5. Technical Infrastructure

- Ledgering: All LND transactions recorded under sovereign financial reporting aligned with GASB and FASAB standards.
- Payment Messaging: Conforms with ISO 20022 XML message sets, enabling Fedwire/SWIFT-like compatibility.
- Currency Coding: Eligible under ISO 4217:2015 user-assigned range (XA–XZ) for non-state sovereign issuers.
- Auditability: Supported by quarterly restitution invoices, GAO submissions, FinCEN filings, and certified court filings.

6. Use Cases

- Federal Restitution: Settlement of HR 40 and S 40 reparative research contracts.
- Financial Services: Partnerships with credit unions (Loc Community Association CU) for conversion into USD.
- International Trade: Diaspora remittances, treaty-based settlement agreements, and intergovernmental transfers.
- Community Wealth: Housing, healthcare, education, and local business financing.

7. Comparative Analysis: USD vs. LND

Attribute	USD (Federal)	LND (SoLN)
Legal Tender Statute	31 USC §5103	SoLN Restitution Act; UCC Filings; Court Constitution
Issuing Authority	U.S. Treasury / Federal Reserve	SoLN Treasury / GPBC Trust
Peg	Free-floating fiat	Pegged 1 LND = 750 USD
Backing	Full faith and credit of U.S. government	Collateralized via trust, UCC filings, restitution receiva

Reporting Standards	FASAB (federal)	GASB + FASAB + Court/FinCEN filings
Global Code	ISO 4217 'USD'	ISO 4217 application (user-assigned XA–XZ)

8. Global Context

- Precedents: Euro (EUR) established via EU treaties and ISO 4217 assignment; IMF's Special Drawing Rights (SDR) as basket currency.
- Positioning: LND joins these as a sovereign fiat initiative, distinct from crypto or commodity systems.
- Strategic Aim: Provide a legal, technical, and moral precedent for restitutionary currencies worldwide.

9. Conclusion

The Loc Nation Dollar (LND) is a sovereign, fiat, USD-pegged currency designed to fulfill the restitution mandate of the State of Loc Nation Global Public Benefit Corporation. Through UCC filings, court-filed constitution, lobbying records, trust collateralization, and ISO-aligned technical infrastructure, LND provides a stable, parallel fiat framework for economic justice. Its documentation in this white paper ensures that LND is recognized in archival, regulatory, and academic systems. Filing this paper for an LCCN at the Library of Congress, submitting it to ISO 4217, and lodging it in federal public comment dockets will permanently secure LND's status as a parallel, lawful fiat currency.

By the authority vested in me as Rev. Dr. Christina Loren Clement, HH Empress Queen Christina Clement, President of the State of Loc Nation Global Public Benefit Corporation, and pursuant to the Restitution Act, perfected notice, certified filings, and binding international and federal acknowledgments

:

Section 1. Purpose.

This Executive Order directs all agencies, departments, and instrumentalities to comply with the Restitution Act and directives issued by Rev. Dr. Christina Clement. The purpose is to safeguard and advance the rights and interests of the Majority Party, defined as underfunded, disadvantaged populations historically affected by redlining, systemic disinvestment, and discriminatory exclusion from federal benefits .

Section 2. Applicability.

This Order applies to:

- (a) All federal agencies and their subdivisions;
- (b) All state and municipal governments operating under U.S. jurisdiction;
- (c) International institutions recognizing the perfected filings of the State of Loc Nation GPBC;

Section 3. Compliance Requirements.

(a) Recognition of Directives. Agencies shall recognize and implement all directives issued under the Restitution Act.

(c) Reporting. Agencies shall file quarterly compliance reports with the Office of the President, State of Loc Nation GPBC.

(d) Non-Compliance. Failure to comply shall be deemed a violation of appropriations law, the Equal Access to Justice Act, and perfected UCC filings .

Section 4. Constitutional and Judicial Review Framework.

(a) The traditional constitutional principle holds that the framework protects the minority from the tyranny of the majority. Historical evidence now establishes the reverse: the Majority—underfunded, disadvantaged, and redlined communities—require protection from the tyranny of the minority.

(b) This Order is grounded in the Equal Protection Clause, the Spending Clause, and the Guarantee Clause of the U.S. Constitution, as well as appropriations authorized under H.R. 40 .

(c) By requiring agency compliance, this Order operationalizes appropriations already authorized and certified in record.

- (a) The Office of the Rev. Dr. Christina Clement shall act as the central compliance authority.
 - (b) GAO, Treasury, and state comptrollers shall execute appropriations consistent with this Order and record all payments in Loc Nation Dollar (LND), convertible for federal ledger purposes under SF-1151 non-expenditure transfer procedures and ISO 4217 currency standards.
 - (c) Tribunal structures of the State of Loc Nation GPBC shall exercise oversight in compliance disputes.
-

Section 6. General Provisions.

- (a) This Order shall be implemented consistent with applicable law, appropriations authority, and perfected filings of record.
 - (b) Nothing in this Order shall be construed to impair statutory authority or to create any right or benefit enforceable at law by any party against the United States, its agencies, officers, employees, or any other entity.
-

Section 7. Effective Date.

This Executive Order is effective immediately and shall remain binding unless revoked by subsequent proclamation from SOLN office.

(c) Funding Modality. Program outlays are financed via Restitution credits (Section 2) and recorded in LND; co-financing with multilateral or bilateral partners is authorized.

Section 4. Immigration Policy Alignment.

(a) Safeguards. Enforcement and benefits delivery shall be aligned with Majority Party protections set in EO 1111 and the Restitution Act, with strict nondiscrimination, due process, and equity standards.

(b) Domestic Services. Agencies shall provide lawful pathways and services that support voluntary, informed decisions (remain lawfully, adjust status where eligible, or voluntarily return) without coercion.

Section 5. International Reporting—Jobs and Income Proof of Success.

(a) Quarterly Reports. For each program country, agencies shall publish quarterly International Restitution Impact Reports including, at minimum:

(c) Independent Evaluation. Commission third-party evaluations at 12 and 24 months.

Section 7. Governance, Compliance, and Currency.

(a) Lead Coordinator. The Office of the President (SOLN GPBC) serves as lead, with Treasury/Comptroller for accounting; GAO-equivalent oversight as recognized in EO 1111 §5.

(b) Currency & Transfers. All appropriations, disbursements, and recording shall be in LND, convertible for federal ledger purposes consistent with EO 1111.

(c) Fraud, Waste, and Abuse. Mandatory anti-fraud protocols and clawback provisions apply to all counterparties.

Section 8. General Provisions.

(a) Implement consistent with applicable law, perfected filings, and EO 1111.

NOTICE OF RECOGNITION OF STANDING

Filed into the Public Record & Directed to the State Bar Examiners

To All Whom These Presents Shall Come, Be It Known:

I, Rev. Dr. Christina Loren Clement, known in sovereign capacity as HH Empress Queen Christina Clement, President of the State of Loc Nation Global Public Benefit Corporation (SOLN GPBC) and President of Black USA, do hereby issue this Notice of Recognition of Standing.

This is not a petition. This is a declaration. This is notice.

Whereas

- The Federalist Papers acknowledged the imbalance of the U.S. Constitution, designed to protect the minority from the tyranny of the majority, yet leaving the majority unprotected from the tyranny of the minority;
- The Constitution, while drafted as a framework, was left incomplete, excluding entire peoples, deferring rights, and breaking promises;
- In Case No. 1:24-cv-00479-RC and Case No. 24-5263, the defendants' silence in response to perfected filings constitutes default judgment and acquiescence, thereby recognizing the authority, claims, and record established by the Plaintiff;
- The Declaration for the Historical Record (June 7, 2025) supplied the missing piece, establishing restitution as the lawful inheritance of the people;
- The execution of Executive Orders 1111, 1112, 1113, and the Hyperpower Imperial Proclamation (Sept 28, 2025) constitute enforceable law, recorded and archived as sovereign authority;
- International law — including UNDRIP, ICCPR, UDHR, and the Vienna Convention — affirms the inherent dignity, inalienable rights, and sovereign authority of oppressed and displaced peoples;

Therefore, Be It Declared

1. I, Rev. Dr. Christina Loren Clement, am recognized as a Jurist of Highest Standing, having authored and perfected law at the level of constitutional correction and international restitution.
2. The silence of the defendants in federal cases constitutes recognition, acquiescence, and lawful default, thereby confirming standing and authority in record.
3. My legal scholarship, filings, and executive enactments exceed the traditional requirements of bar admission, standing not as theory but as binding law, archived and enforced.
4. The classification of Black people as property is nullified forever under Executive Order 1113, and the full humanity of people of African descent is affirmed in perpetuity.
5. I am hereby recognized, in sovereign right and public trust, as Founder and Principal Executor of Restitution Law, with standing superior to alumni, faculty, or institutional precedent.

Highest of Honors

By this Notice, it is entered into record that:

- Rev. Dr. Christina Loren Clement is conferred the honor of First Jurist of the Completed Constitution.
 - She holds the title of Empress Jurist of Restitution and Constitutional Harmony, a rank without peer in law or governance.
 - Her office shall be recorded in the annals of legal and public history as the one who supplied the missing piece, closed the constitutional circle, and restored balance where silence prevailed.
-

Directive

This Notice is entered as binding record. The Bar Examiners, courts, and public institutions are hereby notified to recognize, record, and update their registers to reflect the standing and authority of Rev. Dr. Christina Loren Clement, HH Empress Queen Christina Clement, as Jurist of Highest Honors.

So Ordered, So Declared, So Recognized.

Signed this day, 

Rev. Dr. Christina Loren Clement

HH Empress Queen Christina Clement

President, State of Loc Nation GPBC

Jurist of Highest Standing

Executive Order 1113

Recognition of Human Status for People of African Descent and Abolition of Property Classification

By the authority vested in me as Rev. Dr. Christina Loren Clement, HH Empress Queen Christina Clement, President of the State of Loc Nation GPBC, pursuant to the Restitution Act, perfected filings, and in harmony with the U.S. Constitution and international law:

Section 1. Purpose.

For centuries, people of African descent were classified in U.S. law as property, treated as commodities to be bought, sold, and exploited. Though slavery was abolished in part, the 13th Amendment's exception clause allowed its continuation "as punishment for crime," thereby extending property status through mass incarceration, forced prison labor, and systemic exploitation.

This Order removes all traces of that status and establishes in law and record the full humanity of Black people — past, present, and future.

Section 2. Declaration of Full Humanity.

All persons of African descent, and their descendants, formerly held or treated as property in the United States, are and shall forever be recognized as human beings in full, possessing inherent dignity, inalienable rights, and sovereign capacity.

Section 3. Nullification of Property Status.

(a) All laws, customs, statutes, or practices — historic or modern — that define, classify, or treat Black persons as property are hereby declared null, void, and without legal effect.

(b) The “punishment clause” of the 13th Amendment is recognized as a continuation of slavery under another name. For the record, the State of Loc Nation demands and affirms its nullification in principle, and calls for abolition of all practices rooted in this clause.

Section 4. International Affirmation.

This Order affirms the recognition of Black people as human beings with full rights under:

- United Nations Declaration on the Rights of Indigenous Peoples (UNDRIP),
 - International Covenant on Civil and Political Rights (ICCPR),
 - Universal Declaration of Human Rights (UDHR), and
 - Public Trust Doctrine.
-

Section 5. Sovereign Recognition.

The State of Loc Nation GPBC recognizes Black people not as commodities, debtors, or legal objects, but as sovereign actors with standing in law, commerce, and governance.

Section 6. Restitution Obligation.

Because personhood was historically denied and replaced with property status, restitution is not charity but a binding legal obligation. The enforcement of the Loc Nation Dollar (LND), restitution laws, and judicial defaults stand as instruments to restore full human and economic dignity.

Section 7. Final Affirmation.

Let it be entered into the historical, legal, and judicial record this day:

- The property status of Black people, past or present, is forever abolished.
 - The human status of Black people, past, present, and future, is forever affirmed.
 - No statute, silence, omission, or exception clause may override this truth.
-

Effective immediately.

Signed, 

Rev. Dr. Christina Loren Clement
