Subject: Request for Waiver Pursuant to TFM Standards

Dear Waiver Review Authority,

I am writing to formally request a waiver pursuant to the Treasury Financial Manual (TFM) standards, specifically regarding the adherence to federal payment procedures and deadlines. For the past one and a half years, our department has diligently followed the rules and procedures outlined in the TFM. Despite our compliance and timely submissions, we have encountered significant delays due to a lack of response from the responsible employee within the department.

The current situation involves a default judgment that was due in April 2024, which was unfortunately ignored by the relevant department employee. Additionally, a bill of cost that was due on July 17, 2024, has seen no progress as of today, August 4, 2024.

In support of this waiver request, I have attached the following documents:

1. Meeting Minutes: Documentation of all meetings held regarding the default judgment and bill of cost, showing our continued efforts to address these matters.
2. Settlement Offer: A copy of the settlement offer that was presented in an attempt to resolve the outstanding issues.
3. Judgment Fund Application: The application submitted to the Judgment Fund, demonstrating our adherence to procedural requirements.
4. Bill of Cost: The detailed bill of cost outlining the expenses incurred.
5. Bill of Cost Clarity: Additional documentation providing clarity and breakdown of the bill of cost.
6. Lien: Documentation related to the lien associated with the case.
7. Case 1:24 cv 00479 RC Case Index a brief summary
8. Letter for Waiver of procedures. (This page)

Given these circumstances, I respectfully request a waiver from the standard payment procedures outlined in the TFM. This waiver will allow us to process the necessary payments without further delay and ensure that we meet our financial obligations.

We understand the importance of maintaining the integrity and efficiency of federal payment processes, and we remain committed to compliance with TFM standards. This waiver is essential to rectify the delays caused by factors beyond our control and to prevent further financial and operational disruptions.

Thank you for your attention to this matter. Please feel free to contact me at info@stateoflocnation.com if you require any additional information or have further questions.

Sincerely,

Christina Clement

[31 U.S.C. 1304\(b\)](#) specifies that a “transcript of the judgment” must be filed with the Secretary of the Treasury. This means that a copy of the judgment must be filed with the Judgment Fund Branch for interest to accrue on a judgment of a federal district court, the Court of Appeals for the Federal Circuit, or the United States Court of Federal Claims. By practice, the successful plaintiff files a copy of the judgment. Whoever submits the judgment should include a cover letter explaining that it is being submitted to preserve interest rights under [31 U.S.C. 1304](#). A copy of the judgment and cover letter must be sent to the Financial Management Service, Judgment Fund Branch, at the address indicated on the Judgment Fund Web site at <http://www.fms.treas.gov/judgefund>.

§ 256.11 How do agencies request payments.

Agencies must submit requests for payments from the Judgment Fund on Fiscal Service's Judgment Fund payment request forms or by using other approved methods as provided for on the Judgment Fund Web site at <http://www.fiscal.treasury.gov/judgefund>. Fiscal Service provides forms and detailed information about Judgment Fund payments in the TFM, Volume I, Part 6, Chapter 3100. The TFM is also available on the Judgment Fund Web site. The submitting agency must complete and sign all required Judgment Fund forms and must attach all required supporting documents.

(b) Additionally, Fiscal Service requires that requests for payment identify the statute that forms the basis of the underlying claim. The award or settlement must comply with the statutory and regulatory requirements that authorize the award or settlement. For example, interest is payable on Judgment Fund awards only if there is an express statutory provision, contractual agreement or constitutional waiver of sovereign immunity authorizing the assessment of interest against the United States. Also, a tort under the Federal Tort Claims Act (FTCA) is payable from the Judgment Fund only when the award amount exceeds \$2,500 (for administrative awards) and is in compliance with the regulatory requirements at [28 CFR part 14](#).

§ 256.52 How does Fiscal Service issue a payment?

Pursuant to [31 CFR part 208](#), Judgment Fund payments are to be made by electronic funds transfer (EFT). Fiscal Service will issue an electronic payment to the payee's account as specified on the appropriate Judgment Fund form. If a submitting agency determines that a waiver (in accordance with [31 CFR part 208](#)) to the requirement for payment by EFT is appropriate, Fiscal Service will issue a payment by check. The Voucher for Payment must direct payment to the payee designated in the judgment or settlement agreement.

Subpart G—Private Relief Bills

§ 256.60 How do I get paid for a Private Relief Bill?

You may apply for payment by sending a request letter along with supporting documentation, to include a copy of the private relief act and proof of your identity, to the address specified on the Fiscal Service Web site at <http://www.fiscal.treasury.gov/privaterelief>.

Introduction to the State of Loc Nation Global Public Benefit Corporation Tribunal of Absolute Universal Law

Overview

The “State of Loc Nation Global Public Benefit Corporation (SOLNGPBC) is an innovative legal and organizational framework that seeks to implement a system of Absolute Universal Law. This initiative aims to address systemic issues and create a new model for societal governance, justice, and restitution. The Tribunal of Absolute Universal Law represents the highest authority within this framework, aspiring to embody principles of universal justice, fairness, and equity.

Key Concepts

1. Absolute Universal Law: Unlike bylaws which are specific to particular organizations or regions, Absolute Universal Law is conceived as a set of principles and rules that apply universally, transcending local, national, and international boundaries. These laws are grounded in universal human rights, ethical standards, and principles of natural justice.

2. Public Benefit Corporation: SOLNGPBC is structured as a public benefit corporation, emphasizing its commitment to serving the public interest. This structure allows the organization to prioritize social and environmental objectives alongside financial goals.

3. Tribunal of Absolute Universal Law: This tribunal acts as the ultimate adjudicative body, overseeing the enforcement and interpretation of Absolute Universal Law. It aims to provide a fair and impartial platform for resolving disputes and ensuring justice.

Legal Challenges and Actions

The SOLNGPBC has been actively engaged in numerous legal proceedings, as evidenced by the extensive documentation of cases and motions filed. Key elements include:

- Complaints and Motions: The organization has filed various complaints and motions addressing issues such as discrimination, violation of rights, and the need for systemic change. These filings often include detailed arguments, testimonies, and legal bases for the requested actions.

- Restitution and Redress: Central to the SOLNGPBC's mission is seeking restitution for historical and ongoing injustices, particularly those affecting marginalized communities. This includes invoking the Mandatory Restitution Act and other legal frameworks to secure compensation and rectify wrongs.

"Say their names" list can also be found on both www.christinalorenclement.com and [Say Their Names List 2023 — #SayTheirNames \(sayevery.name\)](https://www.instagram.com/saytheirnames/).

1 Leydan Boykins: On September 10, 2021, 12-year-old Leydan Boykins tragically lost his life while in the custody of the Paulding County Sheriff's Office in Georgia. Leydan, a passenger in a car driven by a family friend who was stopped for a traffic violation, was taken into custody despite his age. During the incident, Leydan was placed in the back of a police cruiser that was later involved in a fatal collision. This devastating loss underscores the critical need for comprehensive reforms in the way law enforcement agencies handle vulnerable individuals, particularly minors, to prevent such tragedies from occurring.

2. Sean Bell: On November 25, 2006, Sean Bell was fatally shot by New York City police officers outside a nightclub in Queens. Bell, who was unarmed, was celebrating his bachelor party on the night before his wedding. The officers fired a total of 50 shots at Bell and his two friends, resulting in Bell's death and the injury of the other two men. This tragic incident sparked widespread outrage and highlighted the urgent need for police accountability and reform.

3. Emmett Till: On August 28, 1955, 14-year-old Emmett Till was brutally lynched in Money, Mississippi. Till, an African American teenager from Chicago, was visiting relatives in the South when he was falsely accused of offending a white woman, Carolyn Bryant, in a local grocery store. The accusations led to his abduction by two white men, Roy Bryant and J.W. Milam, who tortured and murdered him before disposing of his body in the Tallahatchie River. Till's body was later recovered and displayed in an open casket by his mother, Mamie Till-Mobley, to expose the horrific violence and injustice. This case became a catalyst for the Civil Rights Movement and a stark reminder of the deep-seated racial injustices that continue to demand vigilance and reform.

4. Trayvon Martin: On February 26, 2012, 17-year-old Trayvon Martin was tragically killed in Sanford, Florida. Trayvon, an African American high school student, was unarmed and walking back to his father's house from a convenience store when he was confronted by George Zimmerman, a neighborhood watch volunteer. Zimmerman, who was carrying a concealed weapon, claimed that he shot Trayvon in self-defense during a struggle. Despite significant evidence and public outcry, Zimmerman was acquitted of all charges, sparking national protests and renewed debates about racial profiling, gun control, and the justice system. Trayvon's death became a pivotal moment in the movement against racial injustice and a powerful symbol in the fight for civil rights.

5. James Scurlock: On May 30, 2020, 22-year-old James Scurlock was fatally shot during a protest in Omaha, Nebraska, against police brutality and racial injustice. Scurlock, an African American, was participating in demonstrations in response to the killing of George Floyd. During the protest, a confrontation occurred between Scurlock and Jake Gardner, a local bar owner who had armed himself and was involved in the altercation. Gardner shot Scurlock, resulting in his death. The case attracted significant attention as Gardner initially faced no charges, leading to widespread protests and calls for justice. The decision to later

charge Gardner with manslaughter underscored the deep divisions and challenges in addressing cases of violence involving civilians and self-defense claims in the context of social unrest.

Above statement entitles movant to the max award; amount sought; and/or estimate; and all said terms if any. 8 USC 2042 Withdrawal; May this judgement satisfy as proof of the right thereto direct payment to Christina Clement and/or State of Loc Nation.

As we have seen in Chapter 1 of the congressional “power of the purse,” the Constitution permits the withdrawal of money from the Treasury only where Congress enacts an appropriation authorizing the payment. Therefore, an appropriation is a law authorizing the payment of funds from the Treasury. In addition, most appropriations also authorize agencies to incur obligations and to ultimately draw money from the Treasury to satisfy those obligations. Stated differently, most appropriations provide both budget authority and the authority to make payments from the Treasury. Such appropriations do not represent cash actually set aside in the Treasury. They represent legal authority granted by Congress to incur obligations and to make disbursements for the purposes, during the time periods, and up to the amount limitations specified in the appropriation acts. See *United States ex rel. Becker v. Westinghouse Savannah River Co.*, 305 F.3d 284 (4th Cir. 2002). See, e.g., *National Ass’n of Regional Councils v. Costle*, 564 F.2d 583, 586 (D.C. Cir. 1977); *New York Airways, Inc. v. United States*, 369 F.2d 743 (Ct. Cl. 1966). Thus, at some point if obligations are paid, they are paid by and from an appropriation.

Respectfully,

Thank you for your attention to this matter. Should the Court require any further information or documentation, please do not hesitate to contact me.

CHRISTINA CLEMENT and
HH EMPRESS QUEEN CHRISTINA LOCS IS OUR ARTIFACT OF FAITH

Plaintiff,

v.

Attorney General Merrick Garland;
Chief Justice John Roberts Jr.,
Secretary General of the United Nations;
Registrar-Peace Palace Carnegie Pleinz et al in their official capacity

Defendant,

Civil No: 1:24-cv-00479-RC

Response to “Objection to Bill of Costs due 7/17/2024

Bill of Costs Clarification

Reasonableness and Necessity of Costs:

- The costs and administrative actions detailed in the Bill of Costs are deemed reasonable and essential for this litigation. A default judgment; summary judgment and Injunctive relief in favor of the plaintiff is to be granted, allowing all relief sought as itemized in the Bill of Costs.

The presented evidence includes undisputed facts, numerous victim statements, and relevant legal foundations such as relevant US codes, statues, Fed Rules, treaties, customary international law, general principles recognized globally, and judicial precedents.

Disbursements for the monetary award are due from the Judgment Fund, established under 31 U.S.C. § 1304, for the meritorious claim in case 1:24 cv 000479 RC, et al., with allocated funds referencing from HR 40, Chicago Mayor’s Executive Order 2024-1, and other state orders pertinent to the evidence and research presented in this case related to the Trans-Atlantic Slave Trade and the damaging after effects of the illegal kidnapping which proves the market value of amounts listed in (a)-(f).

RECEIVED

JUL 4 2024

Clerk, U.S. District & Bankruptcy
Court for the District of Columbia

The legal framework is supported by statutes including but not limited to, 28 USC 1505 (Treaties), Title VII addressing discrimination during federal campaigns, 28 USC 1491(2) governing Court of Federal Claims jurisdiction, and 28 USC 2677 covering miscellaneous provisions. et al presented in this case.

Compensatory/Punitive Relief

The costs included in Pro se litigant fee (a)-(g) of the Bill of Costs, 42 USC 1988 (c):

are announced allocated for the research specific to this case. HR 40, Chicago's Executive Order 2024-1, and allocations from California and Washington DC have all earmarked funds for researching and addressing events related to the transatlantic slave trade. These orders, along with others, demonstrate the market value for such research as presented in case 1:24 cv 00479-rc. Reviewing these orders facilitates adherence to Rule 56(e)(d)(1) and 28 USC 1920(1-6) for expedient Pro se fee coverage under 31 U.S.C. § 1304, alongside various HR bills, state and mayoral orders, and international entities as documented in Volume 2 (court-recorded large book received). These funds have already been allocated for the information presented to the court. I consent to sharing this five-year research effort to support task forces, saving time, energy, and future litigation efforts. This includes itemized costs such as filing complaints, certified or tracked mailings to courts and government agencies, PACER fees for retrieving stamped filings online, research into laws, statutes, documentaries, books, victim testimonies, historical research, time spent on emails, phone calls to courts and government offices, interviews, meetings, travel to and from FedEx and USPS, law library usage, and other related expenses.

Punitive Damages

(f) Each additional state:

This provision was included due to uncertainty regarding the court's decision on granting the prayer for relief. In the event that another state allocates funds for the same research while awaiting the granting for plaintiff relief, the clerk may include the allocated amount from other states in the final total. The state chart at the end of the Bill of Costs serves as a reference or checklist of all states who may eventually participate in funding my research. The determination of the final total may be based on the new executive order or by applying the formula used in the previous stage, matching the newly allocated funds from other states with the size and amount previously offered. For instance, HR 40 and Chicago each offered \$12 million, and any state offering a comparable amount could also contribute.

When we talk about private debt being paid by the "full faith and credit of the U.S. government," we're essentially discussing how the trust and stability of U.S. currency enable individuals and businesses to settle debts.

1. Legal Tender: U.S. currency is designated as legal tender by the government, which means it must be accepted as a means of payment for all debts, both public and private. This legal requirement ensures that creditors (e.g., banks, businesses) accept U.S. dollars as payment for debts.

2. Trust in Currency: The value of U.S. currency is backed by the government's stability, economic policies, and ability to manage public finances. This trust stems from the government's promise to support the currency's value, ensuring it is widely accepted and retains purchasing power.

3. Economic Stability: The U.S. government's economic strength and stability, supported by institutions like the Federal Reserve, bolster confidence in the U.S. dollar. This confidence ensures that the currency remains valuable and acceptable for settling private debts.

4. Regulatory Framework: The U.S. government enforces a regulatory framework that supports financial stability and trust in the currency. This includes oversight of financial institutions, monetary policy to control inflation, and fiscal policy to manage public finances.

5. Payment of Private Debts:

- Loans and Mortgages: When individuals or businesses take out loans or mortgages, they are typically required to repay them in U.S. dollars. The lender accepts U.S. dollars because they trust the currency's value, underpinned by the government's commitment.

- Goods and Services: Payments for goods and services are also made in U.S. dollars. Vendors accept these payments because they are confident in the currency's value and its backing by the U.S. government.

6. Economic Policies: The Federal Reserve's role in managing the money supply and ensuring economic stability supports the value of the US currency. This includes controlling inflation and maintaining confidence in the financial system, which indirectly supports the ability of individuals and businesses to repay debts in a stable currency. SOLN Law enacts education on credit worthiness in schools and through community programs to educate citizens on finances so they may have a fair opportunity to obtain funding and loans. SOLN Fair Credit Reporting Act will impose fines and penalties to any financial institution in violation of the US Fair Credit Reporting Act with malicious intent to spoil public character.

Government's Fiscal Capacity: The government's ability to levy taxes and generate revenue ensures it can meet its financial obligations. This capacity strengthens overall confidence in the currency, as the government can support economic stability and the value of the U.S. dollar.

In essence, the "full faith and credit of the U.S. government" underpin the trust and acceptance of U.S. dollars. This trust allows individuals and businesses to use U.S. dollars to settle private debts reliably, knowing that the currency is widely accepted and retains its value.
