Subject: Submission of HR 40 Research and Receipt of Allocation of \$20 Million by CBO

Dear Chairman Roy,

I acknowledge your receipt of this request regarding the submission of research related to H.R. 40 and appreciate the opportunity to provide the necessary documentation with the confirmed delivery of this letter through email and mailing tracking number. In accordance with the Committee's jurisdiction over civil liberties and pursuant to Rule X of the Rules of the House of

Representatives: (27) elimination of the requirement of a three-fifths vote for the passage or adoption of certain measures or matters, I am submitting the requested materials for review.

The research conducted under Christina Loren Clement LLC and State of Loc Nation Global Public Benefit Corporation pertains to the economic analysis, legislative framework, and policy recommendations for restitution during the illegal kidnapping during the Trans Atlantic Slave Trade and his continuous impact to this current day as outlined in H.R. 40. This research aligns with the Congressional Budget Office's (CBO) determination of a \$20 million allocation, which was assessed based on the scope, impact, and necessary resources dedicated to this initiative. The funding supports the comprehensive evaluation of historical injustices, economic disparities, and legislative remedies central to H.R. 40. We have yet to receive this compensation in full. (See Certified UCC 1 financial Statement Reference # 044-2025-000334 Authentication Code FBGRX-DZTKF-EBBE DATED 01/24/2025.)

Furthermore, the Certified UCC 1 Financing Statement (File No. 044-2024-004422, Authentication Code: NRL4T-5QG8C-PWHH) filed with Dekalb County Superior Court substantiates the financial claims and accounts receivable related to H.R. 40 research. This filing, authenticated by the Clerk of Superior Court, provides legal documentation that supports the funding allocation. The UCC 1 Financing Statement explicitly references HR 40 research as an enforceable financial claim, listing accounts receivable pursuant to 15 USC 7021 (Transferable Records), which establishes the validity of electronically documented financial obligations under

federal law. Additionally, it cites the Equal Access to Justice Act, reinforcing the right to compensation for documented legal and financial claims.

The financing statement also details a lump sum settlement of \$500 quadrillion with 50% interest, underscoring the significance and scale of the financial obligations tied to HR 40 reparations initiatives. This financial documentation serves as an undisputed record of the economic restitution required and provides substantial legal backing for immediate congressional action.

Enclosed are the following documents for the Committee's review:

Additionally, I formally submit the following motions to advance the legislative process for H.R. 40:
