NYRCHA Class Rules

effective May 2021

Equipment /Dress Code: AQHA western equipment is required; NRCHA equipment is acceptable but not required in non-sanctioned classes. Exceptions to the equipment rules are outlined under for each division such as but not limited to green riders. Horses under the age of five may be shown in a snaffle bit with two hands on the reins. AQHA dress code requires boots, cowboy hat or helmet (NYS 14 and under helmet law required), long sleeve shirt, and western jeans. Chaps are optional.

Herd Work: Competition Rules per NRCHA Rulebook Section 19.1 – Herd of cattle will be located in the center of back wall of the arena. Judging will begin at the timeline. The contestant shall approach the herd with no hesitation, weaving or reluctance on the part of the horse to enter the herd sufficiently deep enough to show his ability to make a cut. The horse shall work quietly, but alertly, causing very little disturbance to the herd or the animal brought out. Credit will be given for driving cattle, clearing the herd by a sufficient distance and setting up a cow while holding it in a working position as near the center of the arena as possible. The degree of difficulty, eye appeal and the amount of courage in staying tough on a cow will be taken into consideration. The amount of time actually spent working cattle in the two and half minute period will also have an effect on the total score. The horse should show a great deal of expression but no ill will toward the cattle. Judging will end at the whistle. Divisions of Open, Non-Pro, Green Rider, and Green Horse will be held. Some divisions may run concurrent at the discretion of the board; however, they will still be placed by division. Equipment Rules for Open and Non-Pro will follow AQHA Western Equipment, Section SHW305, while Green Rider and Green Horse will follow equipment rules stated in respective division rules.

Ranch Boxing: Open to all levels of riders and horses using any NRCHA or AQHA legal bridle, hackamore or snaffle. Scoring will be consistent with NRCHA Beginner Fence Work class. Exhibitors are allotted one minute and forty-five seconds to complete the work. Time shall begin when the gate closes behind the cow after being let into the arena. When there are 30 seconds left, the announcer will give a 30 second warning. At one minute and forty-five seconds, the announcer will call for time. Exhibitors are not required to use all of the allotted time but must ride until the judge ends the run with a whistle or time expires, whichever occurs first. There are four parts to the work: boxing the cow; setting up the cow and driving / rating it down the fence to the opposite end of the arena; and boxing it at the opposite end of the arena, and then driving / rating the cow past the middle marker again.

Ranch Pleasure: All horses are shown together, at a walk, extended walk, jog, extended jog, lope, extended lope, stand, and back in both directions around the arena. Further testing may include but not limited to spins, side pass, and counter-canter. AQHA or NRCHA acceptable equipment required. Green riders may use equipment rules from respective classes.

Ranch Riding: The horse is shown individually in pattern work and is judged on the precision of the pattern maneuvers and the horse's movements. The horse should simulate a horse and working outside the confines of an arena. AQHA or NRCHA acceptable equipment required. Green riders may use equipment rules from respective classes.

Ranch Reining: Each horse and rider will complete a specified reining pattern chosen from the ARHA. All riders and horses are welcome to this class. AQHA or NRCHA acceptable equipment required. Green riders
