

New York Reined Cow Horse Association

About Us

The New York Reined Cow Horse Association (NYRCHA) was formed in January 2009 and is affiliated with the National Reined Cow Horse Association (NRCHA.) The NYRCHA maintains a green-rider-friendly attitude, offering numerous levels of competition for green riders and green horses in addition to open and non-pro bridle and hackamore classes. The mission of the NYRCHA is to perpetuate the early Spanish traditions of highly trained reined cow horses, to promote interest in the reined cow horse throughout the Northeast by providing educational and competitive venues that have family-oriented environments, and to develop all around cow horses using proper horsemanship and good sportsmanship.
