INDEPENDENT AUDITORS' REPORT

INDEPENDENT AUDITOR'S REPORT

May 4, 2023

Members of the Board of Trustees
East Dundee and Countryside Fire Protection District
East Dundee, Illinois

Opinions

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the East Dundee and Countryside Fire Protection District, (the District), Illinois, as of and for the year ended December 31, 2022, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the East Dundee and Countryside Fire Protection District, Illinois, as of December 31, 2022, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, the budgetary comparison schedules, GASB-required pension, and the other post-employment benefit (OPEB) reporting, as listed in the table of contents, be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

East Dundee and Countryside Fire Protection District, Illinois
May 4, 2023

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the East Dundee and Countryside Fire Protection District, Illinois' basic financial statements. The other supplementary information and supplemental schedules are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, other supplementary information and supplemental schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

MANAGEMENT'S DISCUSSION AND ANALYSIS

EAST DUNDEE AND COUNTRYSIDE FIRE PROTECTION DISTRICT, ILLINOIS

Management's Discussion and Analysis December 31, 2022

Our discussion and analysis of the East Dundee and Countryside Fire Protection District's financial performance provides an overview of the District's financial activities for the year ended December 31, 2022. Please read it in conjunction with District's financial statements, which can be found in the basic financial statements section of this report.

FINANCIAL HIGHLIGHTS

- The District's total net position decreased \$905,422, resulting in ending net position of (\$1,279,041).
- During the fiscal year, the District generated \$301,347 in program revenues and \$2,393,190 in general revenues. Entity-wide expenses for the year totaled \$3,599,959, resulting in the decrease to net position of \$905,422.
- The General Fund reported a decrease for the year of \$1,011,393, resulting in ending fund balance of \$870,864.

USING THIS ANNUAL REPORT

This annual report consists of a series of financial statements. The Statement of Net Position and the Statement of Activities provide information about the activities of the District as a whole and present a longer-term view of the District's finances. For governmental activities, these statements tell how these services were financed in the short term as well as what remains for future spending. Fund financial statements also report the District's operations in more detail than the government-wide statements by providing information about the District's most significant funds.

The government-wide financial statements provide readers with a broad overview of the District's finances, in a manner similar to a private-sector business.

The Statement of Net Position reports information on all of the District's assets/deferred outflows and liabilities/deferred inflows, with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the District is improving or deteriorating.

The Statement of Activities presents information showing how the government's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

The District's governmental activities are supported by taxes and other general revenues. All governmental activities are reported as public safety activities.

EAST DUNDEE AND COUNTRYSIDE FIRE PROTECTION DISTRICT, ILLINOIS

Management's Discussion and Analysis December 31, 2022

USING THIS ANNUAL REPORT – Continued

Fund Financial Statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The District, like other local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the District can be divided into two categories: governmental funds and fiduciary funds.

Governmental Funds

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating the District's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate the comparison between governmental funds and governmental activities.

The District maintains one individual governmental fund, the General Fund, for which the District adopts an annual budget. A budgetary comparison schedule is provided to demonstrate compliance with the budget.

Fiduciary Funds

Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the District's own programs. The accounting use for fiduciary funds is much like that used for proprietary funds.

Management's Discussion and Analysis December 31, 2022

USING THIS ANNUAL REPORT – Continued

Notes to the Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

Other Information

In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning the District's fire employee pension obligation, the retiree benefits obligation and budgetary comparison schedule for the General Fund.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

Net position may serve over time as a useful indicator of a government's financial position. The following tables show that in the case of the District, liabilities/deferred inflows exceeded assets/deferred outflows by \$1,279,041 during the year.

	Net Position	
	12/31/2022	12/31/2021
Current and Other Assets	\$ 4,390,810	5,046,241
Capital Assets	5,233,748	5,218,432
Total Assets	9,624,558	10,264,673

Foreign Fire Insurance Tax	22,654	19,792
Interest Income	4,765	282
Miscellaneous	47,067	109,433
Total Revenues	<u>2,694,537</u>	<u>3,639,165</u>
Expenses		
Public Safety	3,494,241	2,952,976
Interest on Long-Term Debt	105,718	273,359
Total Expenses	<u>3,599,959</u>	<u>3,226,335</u>
Change in Net Position	(905,422)	412,830
Net Position - Beginning	<u>(373,619)</u>	<u>(786,449)</u>
Net Position - Ending	<u>(1,279,041)</u>	<u>(373,619)</u>

Net position of the District's governmental activities decreased by \$905,422. Revenues for the current year of \$2,694,537 decreased \$944,628, or 26.0 percent, due primarily to the District collecting lower charges for services, collecting lower property taxes and receiving less operating grants and contributions in the current fiscal year. Expenses for the current year of \$3,599,959 increased \$373,624, or 11.6 percent. The increase in expenses is due to increase of net pension liability related the Firefighters' pension and increases in personnel services.

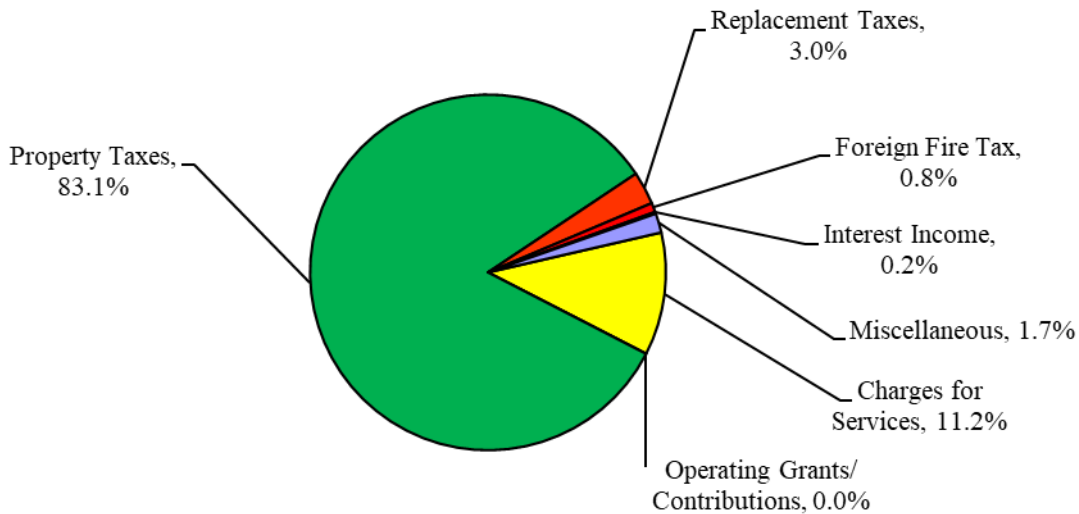

EAST DUNDEE AND COUNTRYSIDE FIRE PROTECTION DISTRICT, ILLINOIS

Management's Discussion and Analysis December 31, 2022

GOVERNMENT-WIDE FINANCIAL ANALYSIS – Continued

The following chart graphically illustrates the District's significant reliance on property taxes to fund operations.

Revenues by Source - Governmental Activities - 2022

The following 'Expenses and Program Revenues' Tables further illustrates the District's reliance on general revenues to fund operations. Only a small portion of revenues come from public safety charges for services.

Expenses and Program Revenues - Governmental Activities - 2022

EAST DUNDEE AND COUNTRYSIDE FIRE PROTECTION DISTRICT, ILLINOIS

Management's Discussion and Analysis December 31, 2022

FINANCIAL ANALYSIS OF THE GOVERNMENT'S FUNDS

As noted earlier, the District uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Fund

The focus of the District's governmental fund is to provide information on near-term inflows, outflows, and balances of spendable resources. In particular, unrestricted fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of the end of the current fiscal year, the General Fund reported ending fund balance of \$870,864, which is \$1,011,393 lower than beginning fund balance of \$1,882,257. This is partially due to the District's decrease in charges for services.

GENERAL FUND BUDGETARY HIGHLIGHTS

The District Board made one budget amendment to the General Fund budget once it was approved. Actual revenues of \$2,694,537 were \$1,113,463 lower than final budgeted revenues of \$3,808,000. This was due to charges for services being lower than budgeted by \$729,168 in addition to intergovernmental coming lower than budgeted by \$138,948.

Actual expenditures of \$3,972,269 were \$166,880 over the final budgeted expenditures of \$3,805,389. This was due primarily to the District's public safety function being \$165,998 over budget.

DEBT ADMINISTRATION

The District's long-term debt outstanding at December 31, 2022 totaled \$4,003,825, compared to a beginning balance of \$4,130,889. The District's long-term debt outstanding is as follows:

	Long-Term Debt Outstanding	
	12/31/2022	12/31/2021
Compensated Absences	\$ 27,091	28,645
General Obligation Bonds	3,150,000	3,400,000
Debt Certificates	245,000	290,000
Installment Contract	581,734	412,244
	<u>4,003,825</u>	<u>4,130,889</u>

Additional information on the District's long-term debt can be found in the Note 3 to the financial statements.

EAST DUNDEE AND COUNTRYSIDE FIRE PROTECTION DISTRICT, ILLINOIS

Management's Discussion and Analysis December 31, 2022

CAPITAL ASSETS

The District's investment in capital assets for its governmental activities as of December 31, 2022 were \$5,233,748 (net of accumulated depreciation). This investment in capital assets includes construction in progress, buildings and improvements, machinery and equipment, vehicles, and furniture and fixtures.

The total net decrease in the District's investment in capital assets for the current fiscal year was \$15,316 and this amount consists of depreciation expense of \$327,913 and capital asset additions of \$343,229.

	<u>Capital Assets - Net of Depreciation</u>	
	<u>12/31/2022</u>	<u>12/31/2021</u>
Construction in Progress	\$ -	41,821
Buildings and Improvements	4,066,495	4,176,908
Machinery and Equipment	259,950	286,731
Vehicles	902,251	705,033
Furniture and Fixtures	5,052	7,939
	<u>5,233,748</u>	<u>5,218,432</u>

Additional information on the District's capital assets can be found in Note 3 of this report.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGET AND RATES

The District's elected officials considered many factors when setting the fiscal-year 2023 budget, tax rates, and fees that will be charged for its governmental activities, including the change in the CPI, unemployment rates and other economic factors.

REQUESTS FOR INFORMATION

This financial report is designed to provide a general overview of the East Dundee and Countryside Fire Protection District's finances for all those with an interest in the government's finances. Questions concerning any of the information provided in this report or requests for additional information should be directed to the Fire Chief, East Dundee and Countryside Fire Protection District, 401 Dundee Avenue, East Dundee, Illinois 60118.

BASIC FINANCIAL STATEMENTS

The basic financial Statements include integrated sets of financial statements as required by the GASB. The sets of statements include:

- Government-Wide Financial Statements
- Fund Financial Statements

Governmental Fund

Fiduciary Fund

In addition, the notes to the financial statements are included to provide information that is essential to a user's understanding of the basic financial statements.

EAST DUNDEE AND COUNTRYSIDE FIRE PROTECTION DISTRICT, ILLINOIS

**Reconciliation of the Statement of Revenues, Expenditures and Changes in Fund Balances
to the Statement of Activities - Governmental Activities**

For the Year Ended December 31, 2022

Net Change in Fund Balances - Total Governmental Funds \$ (1,011,393)

Amounts reported for governmental activities in the Statement of Activities
are different because:

Governmental funds report capital outlays as expenditures. However, in the
Statement of Activities the cost of those assets is allocated over their estimated
useful lives and reported as depreciation expense.

Capital Outlays	343,229
Depreciation Expense	(327,913)

The net effect of deferred outflows (inflows) of resources related
to the pensions not reported in the funds.

Change in Deferred Items - Firefighters' Pension	1,418,054
--	-----------

The issuance of long-term debt provides current financial resources to
governmental funds, while the repayment of the principal on long-term
debt consumes the current financial resources of the governmental funds.

Change in Compensated Absences Payable	1,554
Change in Net Pension Liability - Firefighters' Pension	(1,562,145)
Change in Total OPEB Liability - RBP	98,630
Issuance of Debt	(266,339)
Retirement of Unamortized Premium	39,502
Retirement of Debt	391,849

Changes to accrued interest on long-term debt in the Statement of Activities
does not require the use of current financial resources and, therefore, are not
reported as expenditures in the governmental funds.

Notes to the Financial Statements December 31, 2022

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The government-wide financial statements of the East Dundee and Countryside Fire Protection District (the District), Illinois are prepared in accordance with generally accepted accounting principles (GAAP). The Governmental Accounting Standards Board (GASB) is responsible for establishing GAAP for state and local governments through its pronouncements (Statements and Interpretations). The more significant of the District's accounting policies established in GAAP and used by the District are described below.

REPORTING ENTITY

The District's financial reporting entity comprises the following:

Primary Government:	East Dundee and Countryside Fire Protection District
---------------------	--

In determining the financial reporting entity, the District complies with the provisions of GASB Statement No. 61, "The Financial Reporting Omnibus – an Amendment of GASB Statements No. 14 and No. 34." Based upon the criteria set forth in the GASB Statement No. 61, and includes all component units that have a significant operational or financial relationship with the District.

Firefighters' Pension Employees Retirement System

The District's sworn Firefighters' employees participate in the Firefighters' Pension Employees Retirement System (FPERS). FPERS functions for the benefit of these employees and is governed by a five-member pension board. Two members appointed by the District's President, one elected pension beneficiary and two elected Firefighters constitute the pension board. The participants are required to contribute a percentage of salary as established by state statute and the District is obligated to fund all remaining FPERS costs based upon actuarial valuations. The State of Illinois is authorized to establish benefit levels and the District is authorized to approve the actuarial assumptions used in the determination of contribution levels. Although it is legally separate from the District, the FPERS is reported as if it were part of the primary government because its sole purpose is to provide retirement benefits for the District's Firefighters' employees. The FPERS is reported as a pension trust fund.

BASIS OF PRESENTATION

Government-Wide Statements

The District's basic financial statements include both government-wide (reporting the District as a whole) and fund financial statements (reporting the District's major funds). Both the government-wide and fund financial statements categorize primary activities as the governmental type. The District's public safety services are classified as governmental activities.

EAST DUNDEE AND COUNTRYSIDE FIRE PROTECTION DISTRICT, ILLINOIS

Notes to the Financial Statements December 31, 2022

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

BASIS OF PRESENTATION – Continued

Government-Wide Statements – Continued

In the government-wide Statement of Net Position, the governmental activities are reported on a full accrual, economic resource basis, which recognizes all long-term assets/deferred outflows and receivables as well as long-term debt/deferred inflows and obligations. The District's net position is reported in three parts: net investment in capital assets, restricted and unrestricted.

This government-wide focus is more on the sustainability of the District as an entity and the change in the District's net position resulting from the current year's activities.

Fund Financial Statements

The financial transactions of the District are reported in individual funds in the fund financial statements. Each fund is accounted for by providing a separate set of self-balancing accounts that comprises its assets/deferred outflows, liabilities/deferred inflows, fund equity, revenues and expenditures. Funds are organized into two major categories: governmental and fiduciary.

The various funds are reported by generic classification within the financial statements. The following fund types are used by the District:

Governmental Funds

The focus of the governmental funds' measurement (in the fund statements) is upon determination of financial position and changes in financial position (sources, uses, and balances of financial resources) rather than upon net income. The District maintains one governmental fund, as follows:

General Fund is the general operating fund of the District. It is used to account for all financial resources except those required to be accounted for in another fund.

Fiduciary Funds

Fiduciary funds are used to report assets held in a trustee or agency capacity for others and therefore are not available to support District programs. The reporting focus is on net position and changes in net position and is reported using accounting principles similar to full-accrual basis.

Pension trust funds are used to account for assets held in a trustee capacity for pension benefit payments. The Firefighters' Pension Fund accounts for the accumulation of resources to be used for disability and retirement annuity payments to employees covered by the plan. Financing is provided by employee contributions, the annual property tax levy and investment income.

EAST DUNDEE AND COUNTRYSIDE FIRE PROTECTION DISTRICT, ILLINOIS

Notes to the Financial Statements December 31, 2022

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

BASIS OF PRESENTATION – Continued

Fiduciary Funds – Continued

Since by definition these assets are being held for the benefit of a third party (pension participants) and cannot be used to address activities or obligations of the District, these funds are not incorporated into the government-wide statements.

MEASUREMENT FOCUS AND BASIS OF ACCOUNTING

Measurement focus is a term used to describe “which” transactions are recorded within the various financial statements. Basis of accounting refers to “when” transactions are recorded regardless of the measurement focus applied.

Measurement Focus

On the government-wide Statement of Net Position and the Statement of Activities, governmental activities are presented using the economic resources measurement focus as defined below.

In the fund financial statements, the “current financial resources” measurement focus or the “economic resources” measurement focus is used as appropriate.

All governmental funds utilize a “current financial resources” measurement focus. Only current financial assets/deferred outflows and liabilities/deferred inflows are generally included on their balance sheets. Their operating statements present sources and uses of available spendable financial resources during a given period. These funds use fund balance as their measure of available spendable financial resources at the end of the period.

All pension trust funds utilize an “economic resources” measurement focus. The accounting objectives of this measurement focus are the determination of operating income, changes in net position (or cost recovery), financial position, and cash flows. All assets/deferred outflows and liabilities/deferred inflows (whether current or noncurrent) associated with their activities are reported. Pension trust fund equity is classified as net position.

Basis of Accounting

In the government-wide Statement of Net Position and Statement of Activities, governmental activities are presented using the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability/deferred inflows is incurred or economic asset used. Revenues, expenses, gains, losses, assets/deferred outflows, and liabilities/deferred inflows resulting from exchange and exchange-like transactions are recognized when the exchange takes place.

EAST DUNDEE AND COUNTRYSIDE FIRE PROTECTION DISTRICT, ILLINOIS

Notes to the Financial Statements December 31, 2022

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

MEASUREMENT FOCUS AND BASIS OF ACCOUNTING – Continued

Basis of Accounting – Continued

In the fund financial statements, governmental funds are presented on the modified accrual basis of accounting. Under this modified accrual basis of accounting, revenues are recognized when “measurable and available.”

Measurable means knowing or being able to reasonably estimate the amount. Available means collectible within the current period or within sixty days after year-end. The District recognizes property taxes when they become both measurable and available in accordance with GASB Codification Section P70. A sixty-day availability period is used for revenue recognition for all other governmental fund revenues. Expenditures (including capital outlay) are recorded when the related fund liability is incurred, except for general obligation bond principal and interest which are recognized when due.

In applying the susceptible to accrual concept under the modified accrual basis, those revenues susceptible to accrual are property taxes, interest revenue, and charges for services. All other revenues are not susceptible to accrual because generally they are not measurable until received in cash.

All pension trust funds utilize the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability is incurred or economic asset used.

ASSETS/DEFERRED OUTFLOWS, LIABILITIES/DEFERRED INFLOWS, AND NET POSITION OR EQUITY

Cash and Investments

Cash and cash equivalents on the Statement of Net Position are considered to be cash on hand, demand deposits, cash with fiscal agent.

Investments are generally reported at fair value. Short-term investments are reported at cost, which approximates fair value. For investments, the District categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs.

EAST DUNDEE AND COUNTRYSIDE FIRE PROTECTION DISTRICT, ILLINOIS

Notes to the Financial Statements December 31, 2022

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

ASSETS/DEFERRED OUTFLOWS, LIABILITIES/DEFERRED INFLOWS, AND NET POSITION OR EQUITY – Continued

Receivables

In the government-wide financial statements, receivables consist of all revenues earned at year-end and not yet received. Allowances for uncollectible accounts receivable are based upon historical trends and the periodic aging of accounts receivable. Major receivables balances for governmental activities include property taxes and grants.

Interfund Receivables, Payables and Activity

Interfund activity is reported as loans, services provided, reimbursements or transfers. Loans are reported as interfund receivables and payables as appropriate and are subject to elimination upon consolidation. Services provided, deemed to be at market or near market rates, are treated as revenues and expenditures/expenses. Reimbursements are when one fund incurs a cost, charges the appropriate benefiting fund and reduces its related cost as a reimbursement. All other interfund transactions are treated as transfers.

Prepays

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaids in both the government-wide and fund financial statements. Prepays are valued at cost, which approximates market. The costs of governmental fund-type prepaids are recorded as expenditures when consumed rather than when purchased.

Capital Assets

Capital assets purchased or acquired with an original cost of \$10,000 or more are reported at historical cost or estimated historical cost. Contributed assets are reported at acquisition value as of the date received. Additions, improvements and other capital outlays that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred. The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. General capital assets are long-lived assets of the District as a whole. When purchased, such assets are recorded as expenditures in the governmental fund and capitalized. The valuation basis for general capital assets are historical cost, or where historical cost is not available, estimated historical cost based on replacement costs.

Depreciation on all assets is computed and recorded using the straight-line method of depreciation over the following estimated useful lives:

Buildings and Improvements	10 - 45 Years
Machinery and Equipment	5 - 20 Years
Vehicles	3 - 10 Years
Furniture and Fixtures	5 - 20 Years

EAST DUNDEE AND COUNTRYSIDE FIRE PROTECTION DISTRICT, ILLINOIS

Notes to the Financial Statements December 31, 2022

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

ASSETS/DEFERRED OUTFLOWS, LIABILITIES/DEFERRED INFLOWS, AND NET POSITION OR EQUITY – Continued

Compensated Absences

The District accrues accumulated unpaid vacation and associated employee-related costs when earned (or estimated to be earned) by the employee. In accordance with GASB Statement No. 16, no liability is recorded for nonvesting accumulation rights to receive sick pay benefits. However, a liability is recognized for that portion of accumulated sick leave that is estimated to be taken as “terminal leave” prior to retirement.

The liability for these compensated absences is recorded as long-term debt in the government-wide statements. The current portion of this debt is estimated based on historical trends. In the fund financial statements, governmental funds report only the compensated absence liability payable from expendable available financial resources.

Deferred Outflows/Inflows of Resources

Deferred outflow/inflow of resources represents a consumption/acquisition of net assets that applies to a future period and therefore will not be recognized as an outflow of resources (expense)/inflow of resources (revenue) until that future time.

Long-Term Obligations

In the government-wide financial statements long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities.

In the fund financial statements, governmental fund types recognize debt issuance costs during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

Net Position

In the government-wide financial statements, equity is classified as net position and displayed as follows:

Net Investment in Capital Assets – Consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.

EAST DUNDEE AND COUNTRYSIDE FIRE PROTECTION DISTRICT, ILLINOIS

**Notes to the Financial Statements
December 31, 2022**

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

ASSETS/DEFERRED OUTFLOWS, LIABILITIES/DEFERRED INFLOWS, AND NET POSITION OR EQUITY – Continued

Net Position – Continued

Restricted – Consists of net position with constraints placed on the use either by (1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments; or (2) law through constitutional provisions or enabling legislations.

Unrestricted – All other net position balances that do not meet the definition of “restricted” or “net investment in capital assets”.

NOTE 2 – STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

BUDGETARY INFORMATION

Budgets are adopted on a basis consistent with generally accepted accounting principles. For each fund, total expenditures may not legally exceed the budgeted amounts. The Board of Trustees follows these procedures in establishing budgetary data reflected in the financial statements:

1. Within or before the first quarter of each fiscal year, the Board of Trustees adopts an annual budget and appropriation ordinance.
2. The budget document is available for public inspection for at least thirty days prior to the Board of Trustees public hearing and the passage of the annual budget and appropriation ordinance.
3. Subsequent to the enactment of the annual budget and appropriation ordinance, the Board of Trustees has the authority to make any necessary line-item adjustments to the budget. By ordinance, the unexpended balance of any items may be expended in making up any deficiency.

Expenditures may not legally exceed budgeted appropriations at the fund level. Appropriations lapse at fiscal year-end. During the year there were budget amendments.

EXCESS OF ACTUAL EXPENDITURES OVER BUDGET IN INDIVIDUAL FUND

The General Fund had an excess of actual expenditures, over budget as of the date of this report:

Fund	Excess
General	\$ 166,880

Although the General Fund is calculating as over budget, the fund is not over the appropriation amount as approved by the Board.

EAST DUNDEE AND COUNTRYSIDE FIRE PROTECTION DISTRICT, ILLINOIS

Notes to the Financial Statements December 31, 2022

NOTE 3 – DETAIL NOTES ON ALL FUNDS

DEPOSITS AND INVESTMENTS

Permitted Deposits and Investments – Statutes authorize the District to make deposits/invest in commercial banks, savings and loan institutions, obligations of the U.S. Treasury and U.S. Agencies, obligations of States and their political subdivisions, credit union shares, repurchase agreements, commercial paper rated within the three highest classifications by at least two standard rating services.

District

Deposits. At year-end, the carrying amount of the District's deposits for totaled \$1,117,483 and the bank balances totaled \$1,132,876

Interest Rate Risk. Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The District's investment policy states that the portfolio shall be sufficiently liquid to meet operating cost, which can be reasonably anticipated. Furthermore, the investment policy states the District will commit no less than 80% of the funds in commingled investment pool or other discretionary finds to maturities of not more than three (3) years from date of purchase. No more than 20% of the funds may be invested in maturities of up to five (5) years. Investment of non-discretionary assets, including funds to be held in trust, may be committed to maturities up to ten (10) years from the date of purchase.

Credit Risk. Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. Besides investing in instruments authorized under State Statute, the District's investment policy does not address further limiting its investment choices. At year-end, the District does not have any investments.

Custodial Credit Risk. In the case of deposits, this is the risk that in the event of a bank failure, the District's deposits may not be returned to it. The District's investment policy requires that all deposits in excess of 10% of the capital and surplus of a financial institution will be collateralized. When collateral is required, 105% of the deposit will be required. At year-end, the entire amount of the bank balance of deposits was covered by collateral, federal depository or equivalent insurance.

Eligible collateral instruments and collateral ratios (market value divided by deposit) are as follows:

- U.S. Government Securities
- Obligations of Federal Instrumentalities
- Obligations of East Dundee and Countryside Fire Protection District
- Obligations of Federal Agencies
- Obligations of the State of Illinois
- Acceptable collateral as identified in the Illinois Complied Statutes

For an investment, this is the risk that in the event of the failure of the counterparty, the District will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The District's investment policy does not mitigate custodial credit risk for investments.

EAST DUNDEE AND COUNTRYSIDE FIRE PROTECTION DISTRICT, ILLINOIS

Notes to the Financial Statements

December 31, 2022

NOTE 3 – DETAIL NOTES ON ALL FUNDS – Continued

DEPOSITS AND INVESTMENTS – Continued

District – Continued

Concentration of Credit Risk. This is the risk of loss attributed to the magnitude of the District's investment in a single issuer. The District's investment policy does not address the District's exposure to concentration of credit risk. At year-end, the District does not have any investments over 5 percent of the total cash and investment portfolio (other than investments issued or explicitly guaranteed by the U.S. government and investments in mutual funds, external investment pools, and other pooled investments).

Firefighters' Pension Fund

The Illinois Firefighters' Pension Investment Fund (IFPIF) is an investment trust fund responsible for the consolidation and fiduciary management of the pension assets of Illinois suburban and downstate firefighter pension funds. IFPIF was created by Public Act 101-0610, and codified within the Illinois Pension Code, becoming effective January 1, 2020, to streamline investments and eliminate unnecessary and redundant administrative costs, thereby ensuring assets are available to fund pension benefits for the beneficiaries of the participating pension funds. Participation in IFPIF by Illinois suburban and downstate firefighter pension funds is mandatory. Investments of the Fund are combined in a commingled external investment pool and held by IFPIF. A schedule of investment expenses is included in IFPIF's annual report. For additional information on IFPIF's investments, please refer to their annual report, which can be obtained from IFPIF at 1919 South Highland Avenue, Building A, Suite 237, Lombard, IL 60148 or at www.ifpif.org. The Fund transferred all eligible assets to the IFPIF on January 7, 2022.

Deposits. The Fund retains all its available cash with one financial institution. Available cash is determined to be that amount which is required for the current expenditures of the Fund. The excess of available cash is required to be transferred to IFPIF for purposes of the long-term investment for the Fund. At year-end, the carrying amount of the Fund's cash on hand totaled \$199,705 and the bank balances totaled \$199,705.

Custodial Credit Risk. In the case of deposits, this is the risk that in the event of a bank failure, the Fund's deposits may not be returned to it. The Fund's investment policy requires that all deposits in excess of FDIC insurable limits (applies to bank Certificates of Deposit) be secured by collateral in order to protect deposits from default. Pension Fund assets may be invested in savings accounts or certificates of deposit of a national or state bank, even if fund assets on deposit in such institution will exceed federal deposit insurance or guarantee limits for invested principal and accrued interest, but only if the amount by which the fund's investment exceeds such insurance or guarantee limits is collateralized by the bank which shall be maintained and credited to the fund on the records of the custodial bank. The Pension Fund shall have a perfected security interest in such securities which shall be free of any claims to the rights to these securities other than any claims by the custodian which are subordinate to the Pension Fund's claims to rights to these securities.

EAST DUNDEE AND COUNTRYSIDE FIRE PROTECTION DISTRICT, ILLINOIS

Notes to the Financial Statements

December 31, 2022

NOTE 3 – DETAIL NOTES ON ALL FUNDS – Continued

DEPOSITS AND INVESTMENTS – Continued

Firefighters' Pension Fund – Continued

Custodial Credit Risk – Continued. Third party safekeeping is required for all collateral. To accomplish this, the securities can be held at the following locations:

- 1) A Federal Reserve Bank or branch office
- 2) At another custodial facility – generally in a trust department through book-entry at the Federal Reserve, unless physical securities are involved. If physical securities are involved, at a third-party depository in a suitable vault and insured against loss by fire, theft and similar causes.

For investments, third party safekeeping is also required. To accomplish this, the securities shall be held in a trust department through book-entry at the Depository Trust Company. At year-end, the entire amount of the bank balance of the deposits was covered by federal depository or equivalent insurance.

Investments. At year-end the Fund has \$2,834,701 invested in IFPIF, which is measured at the Net Asset Value (NAV) per share as determined by the pool. The pooled investments consist of the investments as noted in the target allocation table available at www.ifpif.org.

Investment Policy. IFPIF's current investment policy was adopted by the Board of Trustees on June 17, 2022. IFPIF is authorized to invest in all investments allowed by Illinois Compiled Statutes (ILCS). The IFPIF shall not be subject to any of the limitations applicable to investments of pension fund assets currently held by the transferor pension funds under Sections 1-113.1 through 1-113.12 or Article 4 of the Illinois Pension Code.

Rate of Return

For the year ended December 31, 2022, the annual money-weighted rate of return on pension plan investments, net of pension plan investment expense, was (15.34%). The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested.

PROPERTY TAXES

Property taxes for 2021 attach as an enforceable lien on January 1, 2021, on property values assessed as of the same date. Taxes are levied by December of the subsequent fiscal year (by passage of a Tax Levy Ordinance). Tax bills are prepared by the County and are payable in two installments, in June and September. The County collects such taxes and remits them periodically. The allowance for uncollectible taxes has been stated at 1% of the tax levy, to reflect actual collection experience.

NOTE 3 – DETAIL NOTES ON ALL FUNDS – Continued

FUND BALANCE CLASSIFICATIONS

The following is a schedule of fund balance classifications for the governmental funds as of the date of this report:

	<u>General</u>
Fund Balances	
Nonspendable	
Prepays	<u>\$ 8,097</u>
Restricted	
Audit	11,108
Foreign Fire Insurance	<u>39,219</u>
	<u>50,327</u>
Unassigned	<u>812,440</u>
Total Fund Balances	<u><u>870,864</u></u>

In the governmental funds financial statements, the District considers restricted amounts to have been spent when an expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available. The District first utilizes committed, then assigned and then unassigned fund balance when an expenditure is incurred for purposes for which all three unrestricted fund balances are available.

Nonspendable Fund Balance. Consists of resources that cannot be spent because they are either: a) not in a spendable form; or b) legally or contractually required to be maintained intact.

Restricted Fund Balance. Consists of resources that are restricted to specific purposes, that is, when constraints placed on the use of resources are either: a) externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments; or b) imposed by law through constitutional provisions or enabling legislation.

Committed Fund Balance. Consists of resources constrained (issuance of an ordinance) to specific purposes by the government itself, using its highest level of decision-making authority, the Board of Trustees; to be reported as committed, amounts cannot be used for any other purpose unless the government takes the same highest-level action to remove or change the constraint.

EAST DUNDEE AND COUNTRYSIDE FIRE PROTECTION DISTRICT, ILLINOIS

Notes to the Financial Statements December 31, 2022

NOTE 3 – DETAIL NOTES ON ALL FUNDS – Continued

FUND BALANCE CLASSIFICATIONS – Continued

Assigned Fund Balance. Consists of amounts that are constrained by the Board of Trustees' intent to be used for specific purposes but are neither restricted nor committed. Intent is expressed by a) the Board of Trustees itself or b) a body or official to which the Board of Trustees has delegated the authority to assign amounts to be used for specific purposes. The District's highest level of decision-making authority is the Board of Trustees, who is authorized to assign amounts to a specific purpose.

Unassigned Fund Balance. Consists of residual net resources of a fund that has not been restricted, committed, or assigned within the General Fund and deficit fund balances of other governmental funds.

Minimum Fund Balance Policy. The District shall strive to maintain a yearly fund balance in the general operating fund in which the total fund balance is 40 percent of the total operating expenditures and the unassigned fund balance is 19 percent of the total operating expenditures.

NOTE 4 – OTHER INFORMATION

RISK MANAGEMENT

The District is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; natural disasters; and injuries to the District's employees. These risks are provided for through insurance from private insurance companies. The District currently reports all its risk management activities in the General Fund. There were no significant changes in insurance coverages from the prior year and settlements did not exceed insurance coverage in any of the past three fiscal years.

CONTINGENT LIABILITIES

Grants

Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies, principally the federal government. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time although the District expects such amounts, if any, to be immaterial.

Litigation

The District is a defendant in various lawsuits. Although the outcome of these lawsuits is not presently determinable, in the opinion of the District's attorney, the resolution of these matters will not have a material, adverse effect on the financial condition of the District.

EMPLOYEE RETIREMENT SYSTEM – DEFINED BENEFIT PENSION PLAN

The District contributes to one defined benefit pension plans, the Firefighters’ Pension Plan that is a single-employer pension plan. The benefit, benefit levels, employee contributions, and employer contributions are governed by Illinois Compiled Statutes and can only be amended by the Illinois General Assembly.

Plan Descriptions

Plan Administration. The Firefighters’ Pension Plan is a single-employer defined benefit pension plan that covers all sworn firefighter personnel. The defined benefits and employee and minimum employer contribution levels are governed by Illinois Compiled Statutes (40 ILCS 5/4-1) and may be amended only by the Illinois legislature. The District accounts for the Fund as a pension trust fund. The Fund is governed by a five-member pension board. Two members of the Board are appointed by the District President, one member is elected by pension beneficiaries and two members are elected by active fire employees.

Plan Membership. At December 31, 2022, the measurement date, membership consisted of the following:

Inactive Plan Members Currently Receiving Benefits	7
Inactive Plan Members Entitled to but not yet Receiving Benefits	4
Active Plan Members	<u>9</u>
Total	<u><u>20</u></u>

Benefits Provided. The following is a summary of the Firefighters’ Pension Plan as provided for in Illinois State Statutes.

The Firefighters’ Pension Plan provides retirement benefits through two tiers of benefits as well as death and disability benefits. Covered employees hired before January 1, 2011 (Tier 1), attaining the age of 50 or older with 20 or more years of creditable service are entitled to receive an annual retirement benefit of ½ of the salary attached to the rank held on the last day of service, or for one year prior to the last day, whichever is greater. The annual benefit shall be increased by 2.5 percent of such salary for each additional year of service over 20 years up to 30 years, to a maximum of 75 percent of such salary. Employees with at least eight years but less than 20 years of credited service may retire at or after age 60 and receive a reduced benefit. The monthly benefit of a firefighter who retired with 20 or more years of service after January 1, 1977 shall be increased annually, following the first anniversary date of retirement and be paid upon reaching the age of at least 55 years, by 3 percent of the original pension and 3 percent compounded annually thereafter.

EAST DUNDEE AND COUNTRYSIDE FIRE PROTECTION DISTRICT, ILLINOIS

Notes to the Financial Statements

December 31, 2022

NOTE 4 – OTHER INFORMATION – Continued

EMPLOYEE RETIREMENT SYSTEM – DEFINED BENEFIT PENSION PLAN – Continued

Plan Descriptions – Continued

Benefits Provided - Continued. Covered employees hired on or after January 1, 2011 (Tier 2), attaining the age of 55 or older with 10 or more years of creditable service are entitled to receive an annual retirement benefit equal to the average monthly salary obtained by dividing the total salary of the firefighter during the 48 consecutive months of service within the last 60 months of service in which the total salary was the highest by the number of months of service in that period. Firefighters' salary for the pension purposes is capped at \$106,800, plus the lesser of ½ of the annual change in the Consumer Price Index or 3 percent compounded. The annual benefit shall be increased by 2.5 percent of such a salary for each additional year of service over 20 years up to 30 years to a maximum of 75 percent of such salary. Employees with at least 10 years may retire at or after age 50 and receive a reduced benefit (i.e., ½ percent for each month under 55). The monthly benefit of a Tier 2 firefighter shall be increased annually at age 60 on the January 1st after the Firefighter retires, or the first anniversary of the pension starting date, whichever is later. Noncompounding increases occur annually, each January thereafter. The increase is the lesser of 3 percent or ½ of the change in the Consumer Price Index for the proceeding calendar year.

Contributions. Covered employees are required to contribute 9.455% of their base salary to the Firefighters' Pension Plan. If an employee leaves covered employment with less than 20 years of service, accumulated employee contributions may be refunded without accumulated interest. The District is required to contribute the remaining amounts necessary to finance the plan and the administrative costs as actuarially determined by an enrolled actuary. However, effective January 1, 2011, ILCS requires the District to contribute a minimum amount annually calculated using the projected unit credit actuarial cost method that will result in the funding of 90% of the past service cost by the year 2040. For the year-ended December 31, 2022, the District's contribution was 28.55% of covered payroll.

Concentrations. At year end, the Firefighters' Pension Plan has no investments (other than investments issued or explicitly guaranteed by the U.S. government, investments in mutual funds, external investment pools, and other pooled investments) in any one organization that represent 5 percent or more of net position available for benefits.

Notes to the Financial Statements December 31, 2022

NOTE 4 – OTHER INFORMATION – Continued

EMPLOYEE RETIREMENT SYSTEM – DEFINED BENEFIT PENSION PLAN – Continued

Actuarial Assumptions

The total pension liability was determined by an actuarial valuation performed, as of December 31, 2022, using the following actuarial methods and assumptions:

Actuarial Cost Method	Entry Age Normal
Asset Valuation Method	Market
Actuarial Assumptions	
Interest Rate	6.50%
Salary Increases	4.00% - 7.25%
Cost of Living Adjustments	2.25%
Inflation	2.25%

Mortality rates were based on Pub-2010 adjusted for plan status, demographics and Illinois Public Pension Data.

Discount Rate

A Single Discount Rate of 5.73% was used to measure the total pension liability and the prior year rate was 6.50%. The projection of cash flow used to determine this Single Discount Rate assumed that the plan members' contributions will be made at the current contribution rate, and that employer contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. The Single Discount Rate reflects:

1. The long-term expected rate of return on pension plan investments (during the period in which the fiduciary net position is projected to be sufficient to pay benefits), and
2. The tax-exempt municipal bond rate based on an index of 20-year general obligation bonds with an average AA credit rating (which is published by the Federal Reserve) as of the measurement date (to the extent that the contributions for use with the long-term expected rate of return are not met).

For the purpose of the most recent valuation, the expected rate of return on plan investments is 6.50%, the municipal bond rate is 3.72%, and the resulting single discount rate is 5.73%.

OTHER POST-EMPLOYMENT BENEFITS

General Information about the OPEB Plan

Plan Description. The District's defined benefit OPEB plan, Retiree Benefits Plan (RBP), provides OPEB for all permanent full-time general and public safety employees of the District. RBP is a single-employer defined benefit OPEB plan administered by the District. Article 11 of the State Compiled Statutes grants the authority to establish and amend the benefit terms and financing requirements to the District Board. No assets are accumulated in a trust that meets the criteria in paragraph 4 of Statement 75.

Benefits Provided. RBP provides healthcare, dental, vision, and life insurance benefits for retirees and their dependents. Retirees are responsible for the full cost of coverage, until Medicare eligibility is reached.

Plan Membership. As of December 31, 2022, the measurement date, the following employees were covered by the benefit terms:

Inactive Plan Members Currently Receiving Benefits	15
Inactive Plan Members Entitled to but not yet Receiving Benefits	-
Active Plan Members	<u>-</u>
Total	<u><u>15</u></u>

Total OPEB Liability

The District's total OPEB liability was measured as of December 31, 2022, and was determined by an actuarial valuation as of that date.

Actuarial Assumptions and Other Inputs. The total OPEB liability in the December 31, 2022 actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

Inflation	2.25%
Salary Increases	3.25%
Discount Rate	3.72%
Healthcare Cost Trend Rates	7.40% for 2022, decreasing to an ultimate rate of 5.00% for 2032 and later years
Retirees' Share of Benefit-Related Costs	100% of projected health insurance premiums for retirees

OTHER SUPPLEMENTARY INFORMATION

Other supplementary information includes financial statements and schedules not required by the GASB, nor a part of the basic financial statements, but are presented for purposes of additional analysis.

Such schedules include:

- Budgetary Comparison Schedules – General Fund
- Budgetary Comparison Schedule – Pension Trust Fund

INDIVIDUAL FUND SCHEDULES

GENERAL FUND

The General Fund is used to account for all financial resources except those required to be accounted for in another fund.

TRUST FUND

PENSION TRUST FUND

Firefighters' Pension Fund

The Firefighters' Pension Fund is used to account for the accumulation of resources to be used for retirement annuity payments to employees of the District at appropriate amounts and times in the future. Resources are contributed by employees at rates fixed by law and by the District at amounts determined by an annual actuarial study.
