

What size door should I buy?

The most common interior door sizes are 28" to 32". In this case, a 36" door is appropriate.

Keep in mind Standard moulding/trim is about 2.5", but some doors do not have trim (determine if you care if trim shows)

The chart below references common interior door sizes and the corresponding barn door recommendation.

Existing Door Size	Recommended Barn Door Size
18 inch	36" Barn Door, use only one panel of split door (18")
20 Inch	42" Barn Door, use only one panel of split door (21")
22 inch	36" Barn Door
24 inch	36" Barn Door
26 inch	36" Barn Door
28 inch	36" Barn Door
30 inch	36" Barn Door
32 inch	36" Barn Door or 42" Barn Door
34 inch	42" Barn Door
36 inch	42" Barn Door
Odd size up to 42 inch	42" Barn Door
