

ROLLOUT BIN GUIDELINES

Thank you for choosing Integrated as your waste collection service provider!

To help us both out, we have compiled some general guidelines in regards to your bin:

What time does my rollout bin need to be at the curb?

- Please have your rollout bin at the curb by 8:00 am on your scheduled collection day.

Does garbage inside my roll out cart have to be bagged?

- We recommend bagging your garbage so that it can be cleanly dumped by our drivers & trucks. This applies to recyclables as well.
- Please DO NOT put burn barrel ashes, clay / dirt, concrete, rocks, shingles, drywall, paint, hazardous waste, oil, appliances, metals or tires in your bin. We recommend bagging your grass clippings.
- If you have additional garbage occasionally, please contact the office (780) 938-6008 before your scheduled pickup, so that we can make arrangements to accommodate.

Where should I place my rollout bin?

- Please place your bin on a level area with no more than 4 ft. from the street with wheels away from street and lid opening to the street.
- Keep 4 ft. away from all obstructions such as mailbox, vehicle, trees, etc.

Thank you for your support!
