

INTRODUCING:

# One Call Now

*Our new communication tool*

Our goal is to never leave you in the dark. If there's a power outage, or any other unusual event, we want to ensure that you have all the information about it that we do. To that end, we're providing every resident with a messaging service called One Call Now.

## WE'LL USE THE SERVICE TO:

- Keep you informed in an emergency situation
- Invite you to community events
- Provide information and instructions regarding building and maintenance activities
- Send important reminders

The One Call Now system delivers messages via phone, SMS text and/or email. This will ensure that important messages will be sent to cell, work or home phones, and keep everyone in the household in the loop.

## OPTING IN:

Please text the word ALERT to 22300 if you would like to receive text messages rather than phone calls from your organization. You can always opt out should you change your mind, but opting in now ensures you will be current on community messages.

*We are so excited to introduce the community to a new communication tool that will allow us to send emergency or informational messages to residents - FAST. No more guessing about what's going on in the community!*
