BONUS FAIRS

If you nominate ATB (across the board) in the Home Talent Colt Stakes or the Ohio Colt Racing Association or the Southern Valley Colt Circuit, you may choose up to 3 bonus fairs total from the other two circuits. For example, if you go ATB in the OCRA you may choose up to 3 fairs in the HTCS or the SVCC (you may mix). You only have to pay membership to the circuit you go ATB with as our membership is reciprocal on bonus fairs. This does not exempt you from paying memberships if you go across the board in multiple circuits or purchase single fair nominations in other circuits. Should you go ATB in multiple circuits the bonus fair limit remains at three total per horse. You may choose from the following bonus fairs:

Bonus fairs cost \$30 each, which is a handling fee for the paperwork between our circuits who are members of the Buckeye Fair Racing Consortium. \$5 of every bonus fee goes toward a scholarship given each year to a college or trade school student who has the following qualifications: they or their parent(s) train or own a horse that was staked ATB in the Home Talent Colt Stakes, OCRA or the Southern Valley Colt Circuit; are attending or have been accepted to a college, university or trade school; are themselves active in harness racing at the county fair level.

Thank you for being part of the bonus fair system and supporting the Buckeye Fair Racing Consortium scholarship program! Please let us know if you have any questions.
