MORE ABOUT LEANNA

I live in Humbird, WI, with my four children: an 18-year-old senior daughter, a 16-year-old sophomore daughter, a 14-year-old 8th-grade son, and a 12-year-old 6th-grade daughter.

Hobbies & Interests: Drawing, hunting, fishing, riding horses, gardening, and helping people overcome challenges and be the best version of themselves.

Spirituality & Healing Philosophy:

I'm Catholic, big-picture-oriented, and believe in getting to the root of the challenge.

Every experience has a growth point attached with it.

Child behavior change does not occur without adult behavior change.

The Lord will not give you what you cannot handle and WILL give you a way through whatever you're in.
