MORE ABOUT YVETTE

I live in Northern Wisconsin, and I'm a mother of two boys.

I have lived experience as a person from historically marginalized communities with intersectional identities.

I participated in the The Wisconsin Peer Fellowship from 2022-2023. This project focused on bridging the gap between peer support skill-development and grassroots community building

I love to read, learn, and still get my hands dirty. I am up for adventure and trying new things. I love to garden and enjoy the outdoors.
