

_____’s Medications

Use this chart to help you keep track of your child’s medication. Under name list write the name that is on the bottle. Under dosage write how many mg are taken each time your child takes the medication. Under when is it taken write morning, before bed, afternoon, etc. Under how often is it taken write once a day, twice a day, etc. Under side effects experienced keep record of any side effects that your child experiences while taking the medication. Under notes write down if the medication is effective, the date it is discontinued, and other notes about the medication, such as if it needs to be taken with food. If you have questions about this form ask your doctor to help you complete it.

Medication Name	Dosage	When is It Taken	How often is it Taken	Side Effects Experienced	Notes

_____'s Medication Compliance

Make notes here for any days in which your child did not take or refused to take prescribed medication.
