The CardPointe Platform provides best-in-class payment solutions designed to make your business more streamlined, from top to bottom.

The complete payment solution.

The power of our CardPointe payments platform means simple, secure and reliable payment processing along with the industry's most innovative payment technology and complimentary add-ons that let you prioritize growing your business.

Just for CardPointe users...

We understand running a business can be stressful, which is why we do all the heavy lifting when it comes to your payment processing needs - so you can focus on your operations.

Exclusive rates ensure you save between 10 and 40% on processing fees, and transparent pricing means you're never left wondering what you're paying for each month.

We aggressively manage interchange rates and have built our technology to include Level II and Level III data with all transactions, so you'll receive the lowest rate possible every time.

[PLUS]

The benefits don't stop there. The CardPointe product suite includes additional features that make accepting and managing payments as effortless as possible.

Next Day Funding	Simplified Reconciliation	Payment Security	PCI Scope Reduction	Real-Time Reporting	Transaction Management
