

Vegan Menu

A meat alternative (also called plant-based meat, mock meat), is a food product made from vegetarian or vegan ingredients, eaten as a replacement for meat. Plant-and fungus-based substitutes are frequently made with soy (e.g. tofu, tempeh, and textured vegetables protein), but may also made from wheat gluten. Our plant based-meat are made from isolated soya bean protein, soya bean oil, modified potato starch, mushroom, seaweed and etc.

Food Allergies and Intolerances

Please speak to members of staff about the ingredients in our dishes before placing your order. Thank You.
