

The COVID-19 pandemic continues to have a profound impact on how we communicate, live, and interact with others as individuals, families, and communities.

We understand the need for ongoing services during this time of crisis and want to continue to fulfill the need of others in their desire to flourish and continue to be resilient ensuring that their well being remains in tack.

Our goal is to continue to ensure that our communities thrive, however as an organization we understand the need for face-to-face services; and we recognize the consequences and changes that are occurring in how people access services during the COVID-19 pandemic.

Our mental health and case management services are ongoing, and we will continue to work with individual in accessing resources, linking, advocating and addressing emotional support.

Your Sereniti LLC will be working with our team to develop strategies to facilitate continued access to their occupations., These will include, but will not be limited to: individual, family, community, social and environmental adaptation, mental health through the use of assistive telehealth.
