

Gentle Hands Home Support receives Award of Excellence 2026

In any industry there are always organisations that stand out from their peers and set the standards that others in their field have to aspire to achieve. Serving the Nottinghamshire region, Gentle Hands Home Support is an organisation that certainly meets this criteria leading the way when it comes to providing tailored in-home care services. They have made quite a name for themselves over recent years establishing a well deserved reputation as one of the rising stars of the industry and if the last few years are any barometer of what the future holds then there are many successful chapters yet to be written in the Gentle Hands Home Support story.

The reputation they have is fully justified and is now beginning to earn them more tangible forms of recognition. In the Central England Prestige Award they were given the impressive accolade of being named Newcomer of the Year. The award was well deserved and has further cemented their reputation as one of the absolute leaders in their field. Following on from that success we are delighted to announce that Gentle Hands Home Support are the latest recipients of one of our Awards of Excellence being named our Home Support Service of the Year for 2026.

With our awards we think it's important to recognise organisations that are bringing something new and innovative to their marketplace. They don't necessarily have to be the biggest but they have to be someone that is trying to offer something different to what is already out there and above all they must offer a great product or service. We feel that Gentle Hands Home Support ticks all the boxes and are worthy winners of our award. The awards are clearly no accident and will come as no surprise to anybody that has worked with them. In this edition we will try and give you an insight into the work that they do and the success that they've enjoyed.

There are many factors but first and foremost they are good at what they do with the entire team sharing the same steadfast determination to maintain the high standards that have become such a trademark. So who exactly are Gentle Hands Home Support and what is it that they do?

Founded by experienced care professional Jason Watmore they provide a comprehensive range of in-home support services including companionship & befriending, medication support and light housekeeping, gardening & cleaning, They offer specialised support for chronic illnesses or post-operative needs, focusing on helping people maintain independence at home with compassionate support.

that they provide support for tailored to their unique needs and preferences. They prioritise flexibility, with a person-centered approach never cutting corners or compromising on the quality of the service that they've been able to provide with such remarkable consistency. The fact that they are held in such high regard by the people that they support speaks volumes not only about the service that they provide but also the honest and ethical way in which they operate.

Having set such a high bar, the challenge that they face in the future as their reputation grows and the demand for their services increases further will be to maintain the high standards that have seen them enjoy so much success.
