- Meghan Smith
- Gerry McGinley

It Starts with Me for a Better Us

The athletic program will strive to inspire leaders while in the pursuit of success through honest effort, good sportsmanship, and personal integrity.

Our student athletes should reflect the standards of excellence, integrity and honor set by our mission and the philosophy of South Forsyth High School. It is imperative that student athletes recognize the significance of their behavior as visible members of this school and community. The girls' lacrosse program will provide an avenue where female athletes will grow and develop not only individually, but as lacrosse players and supportive team members.
