- A. Deed Restrictions: The Board discussed a number of situations of property owners being out of compliance with WHPOA Deed Restrictions. Members agreed we need to strengthen the deed restrictions. David Blausey let the Board know he'd already communicated with some of those out of compliance and was committed to talk with others. The Board will discuss the matter again at the next meeting.

**New Business**

The following will continue to serve on the Board:

Matt Baumann

Coy Poret

And, Robert Hemminger will continue to serve on the Architectural Committee.

- B. Tree-Trimming: It was pointed out there are a few homes in Wimberley Hills that have trees close to the road with branches that are hanging over the road, potentially being a hazard, particularly for the multitude of delivery trucks.

One Wimberley Hills property owner offered to trim trees for a fee. The Board agreed, that there were just a few trees that needed trimming so as not to be an obstacle over the streets and therefore individual homeowners should be responsible for the trees on their property.

The board president will send a generic email to all property owners informing them that November through January being the best time to have their trees trimmed with proper procedures and pruning to prevent oak wilt.

Following the discussion, a motion was made and seconded to adjourn. All agreed and the meeting was adjourned at 7:42 p.m.
