

# Skilled Trades Recruiting Program

*A cost-effective hiring solution for growing trades businesses*

## The Purpose of This Program

Hiring skilled tradespeople has never been more critical or more challenging. With a growing shortage of qualified trades workers and traditional recruiting firms charging **20–30% of a candidate's first-year salary**, small and mid-sized companies are being priced out of the support they need.

We've discovered that many of these companies are already spending **\$500 to \$2,500 per month** just to advertise their open positions, and that doesn't even include the time it takes to sort through dozens (or hundreds) of resumes to determine who's actually qualified.

## That's where Revel Staffing comes in.

We created this subscription-based recruiting program to be an **affordable, value-driven alternative** that actually helps you find and hire great people. We aim to be a true partner, **supporting business owners, HR managers, and internal talent teams** by handling the heavy lifting: sourcing, screening, and delivering qualified candidates to your inbox.

## We Specialize In Hiring:

- Plumbers
- HVAC Technicians
- Electricians
- Supporting Roles

## How It Works

### Monthly Subscription Fee: \$500 per Role

Flat-rate pricing with no surprises. We manage the job ads, recruiting outreach, and candidate screening for each open position.

### Success Fee: \$2,000 per Hire

Only pay this fee when you hire one of our candidates.

\*This program is dedicated to skilled workers only

## No-Risk Guarantee

If we don't send you **at least 4 qualified candidates** in a given month, we waive the following month's subscription fee for that role.

## What You Get

- Advertising on 25+ major job boards (Indeed, ZipRecruiter, Monster & more)
- Active and passive candidate sourcing
- Pre-screened, trade-qualified candidates ready to interview
- Weekly updates and transparent communication
- Month-to-month flexibility with no long-term contract

## Why Employers Love Our Program

- Predictable, affordable pricing
- No high-percentage placement fees
- Saves time by removing the need to filter unqualified applicants
- We act as an extension of your HR or hiring team
- Flexibility to pause or reassign roles as your needs evolve

## Built for Trades. Priced for Growth.

Revel Staffing was built to support the backbone of America, **the skilled trades**. Whether you're a busy owner doing the hiring yourself, or an HR leader managing a growing workforce, we're here to make your job easier and your team stronger.
