Please download and complete this application and email it to
Vicki Fulton - shnzer001@aol.com

After it is received you will be contacted by the coordinator and given a list of breeders in our area

One of our goals is to help Westie lovers find the perfect Westie for their family- be it an adult rescue or a new puppy. It is also important to all the breeders that belong to our club to find the best families for the puppies they raise.

We are happy to help accomplish these goals by making available a breeder referral contact who can direct you to the breeders or rescue people who are members of our club. We CANNOT however, make any guarantees or representations pertaining to any Westie that they choose to adopt from any of the parties our representative may refer you to.
