“In the face of oppression, art becomes more than beauty - it becomes defiance. Each brushstroke, each image, is a stand against silence, a cry for justice, and a testament that even in darkness, Palestine dreams of freedom.”

“Those who remain indifferent to the genocide of Palestinians endanger our shared humanity and the world we inhabit together. It is indifference that has enabled decades of dispossession, occupation and oppression. Will we allow it to now abet genocide?”

- Lina Hadid
