

## Waterology Consulting Client List

*Jerry Brown, CEO and Principal Consultant*

Waterology Consulting continues to grow and deliver trusted resources to valued clients, primarily in the public utility space. The 5th year of business was very successful; we were either sole sourced, competitively selected or continued to serve the following prestigious clients needs on these important projects.

- Dublin San Ramon Services District, Executive Coaching Services – Waterology continues to work with the executive team on organization change initiatives and leadership coaching. <https://www.dsrsd.com>
- Sites Reservoir Project Authority, Executive Director – Waterology has been contracted since April 1, 2020 to provide overall project leadership and is reporting to the Joint Powers Authority made up of 9 Sacramento Valley irrigation agencies, water districts, and counties. Mr. Brown works closely with the 22 agency Reservoir Committee made up of executive managers from each of the investing water districts from throughout the State. About one third of the project investment involves State or Federal dollars requiring close coordination with agencies adherence to the State and Federal funding agreements. The project is a complex multi-agency, multi-benefit endeavor that creates new stored water supplies for cities, farms, and the environment while protecting local communities from flood, creating numerous jobs and new local recreation opportunities. The project recently successfully defended the environmental review, received a State permit to construct and operate, started acquiring property and is in the process of receiving a water rights permits. The seven-year construction period is slated to begin in 2026 and be completed in 2032. <https://sitesproject.org>
- BSK and Associate, Outside Board Member – Mr. Brown serves on the Board of Directors of this premier, 100% employee-owned consulting firm. BSK has specialties in geotechnical engineering, laboratory services, construction materials testing, and environmental support services. Mr. Brown is one of 3 outside Directors providing strategic counsel and advice to the firm's management, and policy direction in the delivery of successful services to clients and ensuring profits for the employee owners. <https://www.bskassociates.com>
- Carollo Engineers, Advisory Services – Waterology provides advisory services and teams with this environmental engineering firm that specializes in planning, design, and construction of water and wastewater facilities. <https://www.carollo.com>
- City of Pleasanton, Advisory Services – Waterology assists the City in its implementation of Utility capital improvements. <https://www.cityofpleasantonca.gov>
