

# HP+3D Embellishment

A bold evolution of our popular HP+ Patch. Moving beyond two layers to three, this patch delivers incredible depth and a truly premium feel. Enjoy a modern look with soft, flexible construction, finely rounded details, and the ability to achieve finer text and precise color borders that truly stand out.

Component Number: PPPV3D

Built from a soft yet durable flexible material with a smooth, rubber-like finish, this method allows for clean execution of intricate designs and fine details that traditional embroidery or flat transfers can't achieve

Give your merchandise a powerful, premium edge. The HP+ 3D is the high-value decoration that provides both unique differentiation and impressive long-term durability—it's innovation your customers will feel. Design is a breeze: choose your colors from standard Pantones, with up to six vibrant colors available per patch to perfectly match your brand's palette.
