

## A Message from Our President

**Dear Friends**

**Domus Verbi, which in Latin means *House of the Word*, was founded with a single purpose to reconcile souls to Jesus Christ. Each of us has a role in guiding hearts toward Him, and my personal journey has been to create an environment where you can do just that**

**Our patron, St. Jerome, devoted his life to the Word, reminding us that *Verbum Dei manet in aeternum*, the Word of God endures forever. Inspired by his dedication, Domus Verbi provides resources, faithful Catholic teaching, and a community for open conversation so that every soul can draw closer to Christ. We hope that every person who encounters Domus Verbi experiences the truth of the Gospel and strengthens their relationship with God.**

**Through evangelization, education, and exploration of the Catholic faith, our purpose is to offer more than information. Too often, we live in a transactional relationship with Christ rather than the transformative life He calls us to. Domus Verbi exists to guide hearts toward a Eucharistic life where every action is offered to Him.**

**As we continue this mission, we invite you to join us, learn with us, and grow in faith alongside us. May *Verbum caro factum est* The Word made flesh, guide all that we do. Christ became man for us, and through Him, may we bring souls to reconciliation and new life in Him.**

**Subscribe to our Annuntiatio Verbi, the official newsletter of Domus Verbi, to stay connected with our latest resources, reflections, and opportunities to grow in faith.**

**In Christo,**
