# DESIGNATED LUXURY INTERIOR STUDIO

## WHAT WE OFFER

D-luxe interiors is committed to achieving the highest level of design with a "turn-key" approach through their services offered. Our designers successfully participate in projects from the initial concepts, furniture and decorative item selections, decorative and building material selections, budgeting, project coordination, attention to detail, exceptional customer service and expert project management skills.

# D-Luxe

interiors ● ● ●

Powered by our 16,000 sq. ft. advanced manufacturing facility, D-Luxe Interiors delivers turnkey interior solutions across all sectors. Our dual expertise as design innovators and technical executors ensures spaces are as functional as they are inspiring.

## WHY WE'RE UNIQUE

From Sketch to Installation: Seamless in-house execution

Material Library: 1000+ premium finishes

Tech-Forward: 3D renders

## DESIGN SPECIALIZATIONS

### → RESIDENTIAL INTERIORS

Where Lifestyle Meets Design

- Luxury Homes: Custom furniture-integrated spaces with smart home tech
- Modular Kitchens: German hardware-equipped, workflow-optimized layouts
- Specialty Spaces: Walk-in closets, home theaters, and puja rooms
- Material Palette: Premium veneers, nano-coated surfaces, and heritage finishes.

### → COMMERCIAL INTERIORS

Branding Through Spaces

- Corporate Offices: Activity-based working environments with acoustic zoning
- Retail Stores: Conversion-focused layouts with LED-lit display systems
- Food & Beverage: Thematic interiors with hygienic, easy-maintain surfaces
- Tech Integration: Smart lighting, digital signage, and IoT-enabled furniture

### → HOSPITALITY INTERIORS

Experiences Crafted to Last

- Hotels/Resorts: Guest rooms with space-saving convertible furniture
- Lobby statements pieces with local material storytelling
- Wellness Spaces: Spa interiors with biophilic design principles
- Yoga studios with natural light optimization
- Durability Focus: Commercial-grade upholstery, scratch-resistant finishes

### → INSTITUTIONAL INTERIORS

Functional Intelligence

- Healthcare: Antimicrobial joinery for hospitals
- Soothing pediatric clinic palettes
- Education: Collaborative classroom systems
- Dormitory furniture with multi-functional storage
