body wash

NRF2 INGREDIENTS

EN BODY WASH / ES GEL DE BAÑO

product information sheet

Lather up in luxury

Treat yourself and your skin to a little luxury as you cleanse away the day. This reviving body cleanser does more than wash away dirt and impurities.

A unique blend of adaptogen ingredients restores resilience to stressed-looking skin, while patented Nrf2 ingredients help minimize the visible effects of environmental exposure. A gentle blend of fruit acids exfoliates while naturally derived emollients, including manuka honey, replenish your skin's moisture. The result? Skin feels clean and soft and looks toned, smooth, and bright.

Experience

Lather up for more luminous skin and a brighter outlook. Each shower or bath is infused with a unique, refreshing yuzu blossom citrus scent for an uplifting spa-inspired experience. It also gently exfoliates with fruit acids and replenishes vital moisture with manuka honey—so skin feels soft and looks toned, smooth, and bright.
