Volume 3, Issue 2 November/December 2019

Dear Families and Friends of District 30,

I would like to take the opportunity to wish you all a healthy and prosperous New Year as we begin the 2020 calendar year. Our district is continuing its journey of developing students' academic and personal behaviors to best prepare them for future success. With these principles in mind, we celebrate *College Awareness Month* and build aspirations for higher education. Our role in this endeavor is to ensure that our young people are equipped with the necessary tools to integrate into a global society requiring the key skills of communication, collaboration, creativity and critical thinking.

Sharing the belief that a great education is the best way to empower the next generation, I am proud to announce that all of our schools have fully implemented the Instructional Leadership Framework (ILF). The ILF provides three pathways to equip students with Advanced Literacies: literacy skills required to compete and be successful in a global society. The three pathways include: (1) strengthening core instruction, (2) knowing every student well and (3) using a shared and inclusive curriculum. This highlights the Chancellor's focus on *Equity and Excellence for All* through the use of creating a culturally responsive and supportive environment.

In addition, to develop students' conceptual understanding in mathematics and science, our teachers in grades 4 – 5 have been receiving professional development on engaging students in an inquiry-based approach that allows them to explore concepts through Project Based and Experiential Learning.

The growth of our children depends on working in partnership with each other. As such, we ask that you work alongside us to continue establishing a caring community that empowers students with the love of learning and the ability to become **WORLD CLASS** citizens who are college and career ready. Since we are working to prepare students for college and career readiness, I am proud to announce that District 30 is the first in New York City to establish college savings accounts for all of our students entering Kindergarten. We are in our third year of this initiative and I am happy to say that we now have more than 10,000 of our Kindergarten, first and second grade students with college savings accounts. Thanks to our partnership with NYC Kids RISE, we have had more than \$1.5 million deposited in our students' savings accounts. This month NYC Kids RISE has scheduled events throughout the district where you can learn more about how to activate your child's account. I encourage you to reach out to your school's Parent Coordinator for more information.

As we continue throughout this school year, let us keep our focus and the decisions we make at the forefront by "**Always remembering to ask ... How is this good for ALL children?**" for when we do this, our children are able to thrive and be successful.

Sincerely,

Philip A. Composto, Ed.D.

PS 234 November/December Good Newsletter

The holidays are almost here and P.S. 234 The School of Performing Arts and Technology has been spreading holiday cheer all around our community. Our students have been preparing for their winter performances and cannot wait to share a variety of seasonal and different cultural music with their parents and other members of the school community.

Our Student Council, and two classes engaged in a "Spreading Holiday Cheer" project this fall. Our goal was to bring positive vibes and holiday cheer to the residents of the New York Center for Rehabilitation and Nursing. Through after school activities, we created cards, and small gifts for the residents, including necklaces, arts and crafts activities and puzzle books. On Tuesday, December 10, 2019, we brought this project to life as we visited with the residents, gave cards and gifts and sang carols. On Friday December 6, 2019 our amazing PTA hosted their annual winter festival. Families, students and teachers were treated to music, dancing, arts and crafts and delicious food. A good time was had by all. We are looking forward to the New Year ahead and excited for everything 2020 has in store for us. We wish everyone in

District 30 a Happy
and Healthy New
Year.

December is the 35th anniversary of the Bhopal Gas Explosion Tragedy. The 8th grade students from the Academy for New Americans created cards with messages of love and hope for the children of the original victims at the Bhopal orphanage where most of these handicapped children reside. There were over 500 happy cards sent from schools around the globe.

The children were very delighted with our students' efforts. At the very least, we made them happy knowing that kids from other countries are thinking of them. They sent us photos of the kids holding up some of pictures they received from The Academy for New Americans.

Each year, approximately 200 extraordinarily talented and motivated students drawn from in-school programs are provided with full scholarships to engage in advanced training outside of school. Children from all corners of New York City come together to work as an ensemble, celebrating each other's achievements and forming lifelong bonds. NDI's multi-year continuum of advanced training includes the SWAT Team, the Celebration Team, and the Irene Diamond Summer Institute.

NDI's SWAT Team (**S**cholarships for the **W**illing, **A**chieving, and **T**alented) is composed of over 100 dancers selected from NDI's in-school program each year. SWAT dancers gather at the NDI Center for intensive instruction every Saturday from January through June. At the same time, these dancers continue to participate in the in-school program serving as role models for their peers at school. All SWAT dancers learn complex choreography and perform in the Event of the Year, a series of performances featuring original choreography, live music, and professionally designed sets, costumes, and lighting. Jennifer Aks-Newman chose **THREE** students from P.S. 92 to be a part of this wonderful opportunity. We would like to congratulate Yasmin Alzokari, Christopher Guartan and Mia Vazquez on this amazing achievement.

Ms. Rosinsky and Ms. Shastri applied for, and were awarded a \$700 Green Team Grant! Our 4th grade Green Team shows love to the Citizens Committee for New York City and the New York City Department of Sanitation, Bureau of Recycling and Sustainability for allowing us to continue with our dreams to conserve, plant, grow and spread awareness to our peers and community. Thanks to this grant, we will be able to continue our recycling and garden projects in the spring.
