“Feeling Stuck? Frustrated? Or Just....OK?”

Sometimes the biggest career breakthroughs start with the simplest question: *“What actually matters to me?”*

In this interactive and energising session, designed specifically for professionals working in the insurance industry, you’ll uncover your core career values — the non-negotiables that underpin motivation, fulfilment, and success.

Whether you're climbing the ladder, considering a sideways move, or wondering if you've outgrown your current role, this session gives you the tools to move forward with clarity and confidence. Understanding your core values is crucial if you want to find a job that doesn't just pay the bills but actually feels right.
