

Title & Company

L&D Detective

Impact Measurement Investigations

Speaker Bio

Known in the global Learning & Development industry as “The L&D Detective”, Kevin uses clues, facts, and evidence to answer the question, “What is the impact of learning?”. He investigates learning’s influence on performance, behavior, actions, and business goals with data and analytics. With 20+ years in the Learning & Development industry, Kevin's experience guides his perspective and informs his actions for measuring efficiency, effectiveness, and outcomes for training, learning, and talent development.
