Features & Benefits

Unique lensing optimised for sports playing surfaces to give low light spill (light pollution) and even light coverage

Quick & simple set up by one person in under 1 minute per light

Compact to store and transport. Under 10kg per kit. Easy to fit a full set in a car.

Lights can be set up anywhere on any surface for sports training

Features & Benefits

Stable to 25mph winds. Optional stability kit allows use in wind up to 35mph.

Safe, silent operation.
No trip hazards
No noise
No maintenance

Lithium rechargeable battery pack with over 2 hours 20 minutes duration. Fast, easy charging.

Multiple kit options for all budgets and training requirements

Kit Options

The Sports-Lite Training Kits are available in multiples of 2 lights per set. Common kit sizes are:

4 x Sports-Lite Training Kit

6 x Sports-Lite Training Kit

8 x Sports-Lite Training Kit

10 x Sports-Lite Training Kit

Accessories

LITHIUM BATTERY

A rechargeable lithium battery pack for powering the Sports-LITE, complete with an in-built battery level indicator

LITHIUM BATTERY CHARGER

A battery charger for charging the Sports-Lite battery packs

MULTI-WAY BATTERY CHARGERS

4-way, 5-way & 6-way battery chargers for charging multiple Sports-Lite battery packs at once

TRIPOD

A light weight 3 metre tripod for use with the Sports-Lite LED light head

STABILITY KIT

Add to the centre of the tripod to increase stability in strong wind

LIGHT HEAD BAG

Store up to 2 Sports-Lite heads, batteries and chargers safely in this weatherproof storage bag

TRIPOD BAG

Store up to 2 Sports-Lite tripods safely in this weatherproof storage bag

FENCE ADAPTOR

A 3m height adjustable mast which can be permanently fixed to any fence removing requirement for tripods.

£ Fast payback on initial investment for clubs

The units charge time is approx 5.5 hours, they can be charged after the training session and be available for any unexpected training evenings you may have.

Cost to recharge is only £0.04 per tripod light

- Example 8 kit = £0.32 per recharge – A lot less than running a generator and with maintenance savings too.
- These figures are based upon 15p per KWH electricity cost which is a UK average.

Charging Options

The **SPORTS-LITE** training kits are a fantastic energy friendly lighting solution with very little energy required to recharge the Sports-Lite's lithium battery packs.

Options

Single chargers supplied with units as standard

Optional 4, 5 or 6-way multi-bank charger to charge multiple units from one plug socket

5.5 hour recharge

5.5 hours for full recharge

How many lights do I need?

The number of SPORTS-LITE training kits required depends on the sport being played and the level of light required.

Experience

Ritelite's customer support team are highly experienced in recommending the right number of Sports-Lites for every application and sport.

Testimonials

“A great product which is easy set up and taken down from the back of your vehicle. They allow you to train on certain areas of the pitch which can allow you to work on specific positions. A great product and I would highly recommend.”

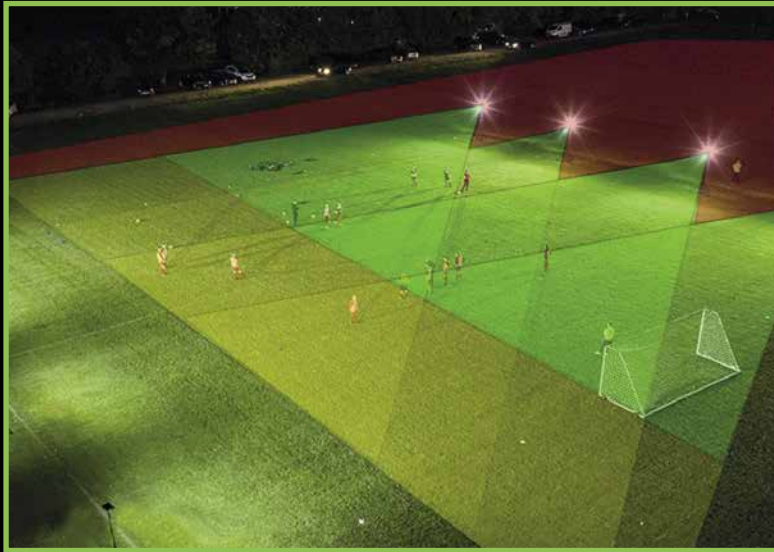

Glenn - One Touch Football

“The lights are just what we needed. 6 lights have given us the light we need to continue to play as the nights start to draw in. They have opened up so many more opportunities to play all Year round outdoors. Easy to put up and take down and all packed away within minutes in the handy carry bags.”

Liz at Elmdon Netball Club

Football

8 kit for 60m x 40m area or 16 kit for full 11v11 size pitch

2 kit
