Hello Families,

With 6 weeks left and lots of mobile and curious babies, we will be focusing more on fine motor skills, mobility, and sensory activities this month. We will also be spending a lot more time outside, so please start sending **sunscreen** to be kept in your child's cubby. This will follow them into Toddler 1 as they move into the Summer Session if they are with us throughout the summer. Please send a light jacket as we will be going out if the weather allows, both outside on the turf and getting some walks in.

Please help us welcome Ms Lauren to our room! We have a lot of new babies, which brings our numbers up to 8 infants in our classroom a day. Her additional help has been so appreciated, the babies adore her, and she has blended in perfectly. We all have enjoyed having her in our classroom for additional support.

Please keep a lookout for art in cubbies and check their cubbies for clothing that may no longer fit. We will try to go through them as well the next couple weeks.

Older students can send water cups and extra snacks to keep in their cubbies. Anything they are eating at home can be sent to school! We just are not able to warm anything up in a microwave.

We do not have school Monday, May 26th, for the extension of the Memorial Day Weekend.

Any other questions or concerns, or changes at home, please feel free to reach out to me.
