

## EXERCISE 4A - SORT AND RECTIFY "CLEAN" DISHES

Set-up: Using the grid sheet, place the dish at G-9.

Beginning with the hands in the "hands" position on the grid, pick up a dish with your right hand from a box of many dishes at G-9. Turn it over to see if the other side is clean or dirty. Put the clean dishes in the vicinity of A-13.

Write the description, code, frequency, and MOD units using the form below. Determine the total MODS needed to this activity.

El	Element Description	Code or Reference	Freq.	MODs
1	RH Get dish		1	
2	RH turn dish over		1	
3	Look at dish		1	
4	RH Aside clean dish		1	
Remarks or Special Conditions:		Total MOD Units		
		Total Minutes		
		Pieces per _____
