PRODUCT DESCRIPTION

- Promotes mental clarity, energy, appetite suppression and slimming
- Supports natural functions against inflammation
- Unique blend of phytocannabinoid infused, highly-nutritious hemp seed oil

Our **FOCUS** tincture or infused-oil contains a unique, proprietary blend of naturally occurring phytocannabinoids like THCV/CBG, terpenes and hemp seed oil.

THCV (tetrahydrocannabivarin) may increase energy levels, mental clarity and suppresses appetite, which can support weight loss. THCV oil is also being studied in relation to nicotine addiction and for potential benefits for mental and physical health and wellness, as well as stimulating bone growth.

CBG (cannabigerol) may increase energy levels, enhance productivity, and support natural functions to relieve stress. CBG oil is also being studied in relation to anxiety/ depression, inflammation, glaucoma, and brain health.

SUSTAIN™ FOCUS delivers 50mg of total phytocannabinoids per serving (one dropper full) to support natural functions against inflammation and promotes mental clarity, energy, appetite suppression and slimming.

For best Results

- Consistency, as with any supplement, is key for success. Take it daily.
- Store at room temperature in a cool, dark place.
- Dropper use: Gently squeeze the rubber end and release. The dropper will fill to the “1mL” mark indicated on the glass dropper. This is considered a “full dropper”. By following this step, you’ll ensure you’re getting the correct dosage each time you take it.
