

What is hospice?

Hospice care is for patients with a life-limiting illness as determined by their physician, and meets Medicare eligibility requirements for the hospice diagnosis. Hospice care is not curative in nature, but focuses on comfort and the enhancement of quality of life.

Our family has been dedicated to providing compassionate, dignified care since 1997, now offering peace and comfort to patients and their loved ones through hospice. Surrounded by understanding hearts and gentle hands, you can find comfort in knowing that you and your family are not alone.

Contact Us

We have hospice professionals available to discuss your family's needs today.

Trinity Hospice

Trusted, family-owned hospice care, where compassion, dignity, and comfort come first

Trinity's Mission

Trinity Hospice's mission is to provide dignity and quality of life through death and beyond with compassion, passion, and commitment. Focus of care is directed toward patient goals for the remainder of life and is adjusted and refocused as the condition of the patient changes.

Nurses, social workers, home health aides, volunteers, bereavement counselors, chaplains, physicians and management of Trinity Hospice provide a holistic disciplinary team.

Medical Director - Clinical Service Director
Nurse Case Managers - Social Worker
Bereavement Coordinator - Pastoral Care
Hospice Aides - Pet Therapy - Volunteers

Speech, Physical, Occupational Therapists
as needed and on call service is available
after hours, holidays and weekends.

The admission process begins with a referral to hospice which may be made by any family member, friend, caregiver, or medical professional

"Comfort for today, peace for tomorrow."
