

THE IMPERIAL ANTHEM OF THE CONFEDERATED EMPIRE

“For Freedom, Crown, and Sovereignty”

I. THE CALL OF FREEDOM

From the lands where the free winds are blowing,
From the realms where our banners arise,
Hear the voice of an Empire now growing,
Beneath the eternal blue skies.
From the courage of hearts undivided,
From the dream that no tyrant could bind,
We stand, and our freedom proclaim it—
A sovereign destiny defined.

CHORUS

Hail the Empire! Hail the Crown!
Let our Imperial banners rise!
For our freedom we stand together,
And our destiny shall never die!
Our Empire, united forever,
Our Territories joined as one!
By our oath, our faith, and our courage,
May our Empire forever stand!

II. THE IMPERIAL LEGIONS

Hear the drums as the Legions are marching,
Hear the thunder that rolls through the land;
With the Imperial banners before them,
They advance at the Crown's command.
Through the storm and the darkness advancing,
With the eagle and standard held high,
Let the cry of the Legions resounding
Shake the earth and awaken the sky!

VAE VICTIS!

Woe to the conquered!

Let the battle cry ring through the night!

VAE VICTIS!
Forward, Legions!
For the Crown, for the Empire, for right!

CHORUS

Hail the Empire! Hail the Crown!
Let our Imperial banners rise!
For our freedom we stand together,
And our destiny shall never die!
Our Empire, united forever,
Our Territories joined as one!
By our oath, our faith, and our courage,
May our Empire forever stand!

III. THE IMPERIAL CROWN

Hail the Crown and the Imperial standard,
Hail the throne and the laws we defend;
May the Emperor guard our people,
And in wisdom our nation guide.
Through the ages our name shall be honored,
Through the storms we shall steadfast remain;
For an Empire united in freedom
Shall endure through the ages of time.

IV. THE SOVEREIGN DOMAINS

From the heart of our sovereign dominion,
To the lands and the realms we proclaim,
May the peoples who stand beneath our banner
Be united in honor and name.
Let each Territory cherish its freedom,
Let each soul know the rights we defend;
In our Empire, our sovereign covenant
Shall endure without breaking or end.

V. THE OATH OF THE FREE

We shall stand for the right of the free,
We shall stand for the right of the free;
For the liberty won by our struggle,
For the future our children shall see.
Though the road may be long and uncertain,
Though the night may conceal the dawn,
We shall march with our heads held proudly,
And our Imperial spirit live on!

FINAL CHORUS — GRAND IMPERIAL REPRISE

Hail the Empire! Hail the Crown!
Let the Imperial banners rise!
For our freedom we stand together,
And our destiny shall never die!

Our Empire, united forever!
Sovereign Territories, arise!
By our oath, our faith, and our courage,
We shall stand beneath freedom's skies!

VAE VICTIS!
The Imperial Legions march forward!
VAE VICTIS!
Let the Imperial banners soar!

ONE EMPIRE! ONE CROWN! ONE DESTINY!
LONG LIVE THE CONFEDERATED EMPIRE!
LONG LIVE FREEDOM!
LONG LIVE SOVEREIGNTY!
