

HHBRA NOVICE HORSE DECLARATION STATEMENT

This is a statement of eligibility for the novice horse classes in HHBRA:
\$300 Novice Pole Horse | **Green Novice Barrel Horse** | **\$2000 Novice Barrel Horse**
Circle class you are declaring.

HHBRA rules state that you must know the amount the horse has won in its lifetime with all riders/owners or that horse is not eligible to run in any of the HHBRA novice classes. Lifetime earnings must be less than the class limit. Please read all Novice Horse rules in the HHBRA rules.

The horse must be nominated and will accrue points for the listed rider from the date of nomination. The horse remains eligible even if there is a different rider.

If a horse is registered in any breed or color organization, you must use its registered name on this form. Nicknames may be added if desired especially if you want to run under that name. If the horse is unregistered, the owner's last name will be used as part of the horse's name. (Example: Sorrel Jones)

This is the only time you will need to report earnings for this season. A horse which is eligible at the time that the nomination is accepted by HHBRA is eligible for the entire season regardless of earnings accumulated during the season. Even though you do not report to HHBRA, please keep a personal record of any money earned. You must know the total lifetime earnings at the beginning of each year to determine if it remains within the limits of any novice class.
