Calligraphy

# Services and Environment

## Airport Pick-up

Our staff will greet you at the airport arrival gate and take you to the host family! We are happy to coordinate with airline Unaccompanied Minor Services, ensuring a smooth and worry-free arrival from start to finish.

## Make New Friends

Connect with local Japanese students through fun, relaxed hangouts. You'll chat in real, everyday Japanese, discover common interests, and build friendships that go far beyond the classroom - the kind of moments that turn a simple trip to Japan into lifelong connections.

## Convenient Location

Located near Akashi Station, the school is surrounded by cafés, parks, shops, and everyday amenities - creating a calm, walkable environment ideal for daily life.

Thanks to Japan's reliable public transport, students can easily and safely visit nearby cities such as Osaka and Kyoto, adding depth to their experience without stress.

## Boutique Experience

You're welcomed by teachers and staff who know you by name, understand your interests, and genuinely care about your journey. From the moment you arrive, you feel seen, supported, and part of a small, close-knit community that celebrates who you are.

## Safe Environment

Japan - and especially Akashi - is widely regarded as one of the safest and most liveable places in the country.

With low crime rates, reliable public transport, and a calm local atmosphere, you can explore Japan with confidence and independence.

## Emergency Contact

You have 24/7 support by phone and email for any emergency. Day or night, you can reach us instantly - giving you and your family complete peace of mind throughout your stay.

# Reviews

Our daughters studied at Local Life Japan for one month, and their progress in Japanese was truly incredible. The entire experience exceeded all our expectations. From the moment we got in touch, communication was warm, helpful, and efficient—which made a huge difference for us as we planned a spontaneous trip on short notice. - **Tania, Australia**

I had an absolutely fantastic experience with Local Life Japan's teen summer program! I seriously cannot recommend this program enough to people who want a healthy mix of language learning and cultural immersion. I am incredibly lucky to have found this gem. The sense of community is incredibly powerful, and I can't help but want to find an excuse to visit again. Thank you Local Life Japan! - **Liam, USA**

My son (16) participated in the summer program for teenagers for four weeks this July. We are so happy to have found this small school! My son had a fantastic time and made tremendous progress in his Japanese. The school is very close to Akashi Station, and the town itself has a small-town feel, and as a mother, you have a good feeling that your teenager is in good hands. From our respective perspectives, my son and I can truly warmly and unreservedly recommend this school! - **Anke, Germany**

Really great Japanese school!!! They were so helpful with everything, organizing a lovely homestay for me as well as classes and activities. I really got to experience authentic life in Japan, so I'm really happy with everything! I'd highly recommend them!! - **Ollie, Ireland**
