

PRAYER FOR PREPERATION

Father,

Thank you for the authority you've given me. I take control over any dark watchers, scouts, and sentinels. I ask the angels to block their ears so they can't hear the plans and strategies that the Lord is giving today. I command their tongues to be silent, unable to sound any alarm, warning, or signal to the enemy. I call for darkness to cover their eyes so they can't see anything before them. I release confusion and chaos upon them, and I ask the angels to escort them to their prison cells. I declare that they won't be missed or replaced by any changes in the enemy's camp.

I also take authority over any distant viewers and listeners from the human agents of darkness who might try to disrupt my prayer. I ask for protection over every part of my day, including my travel and all the devices I need to use to complete my tasks. I declare that a shield of invisibility surrounds me on all sides. I decree that the enemy can only hear the sound of empty space. My life is hidden in Christ, who is my shield and fortress.

Amen.

Here is how I open my prayer time. I like to lock my space down so that I can pray without distraction or opposition.
