

BEACH CITIES SURVEYING  
SAN LUIS OBISPO, CALIFORNIA  
KAMUELA, HAWAII

Land Surveying is a Professional Service. My practice is regulated by the State where the land is located. Additional regulations may be imposed by local governmental and-private agencies. I am Licensed to practice Land Surveying in the States of California and Hawaii. My Engineers are Licensed to practice Civil Engineering in the States of California and Hawaii.

I welcome the opportunity to quote you a firm survey cost for your particular project. Such quote will be based upon an estimation of the time to accomplish a fixed scope of work applied to my current Land Survey rates for local work:

Survey Crew ----- \$100/hr  
Licensed Professional ----- \$100/hr

My quotation is free of charge, but may include the time spent on research should you engage my services. If you want me to provide a quote or estimate to survey your land, please fill out and return the form below. All information is optional. Any information you provide is kept confidential. You are encouraged to attach additional sheets including maps, sketches, diagrams, and/or documents which will expedite the research.
