## Philosophy

Wisconsin Elite is a newer program founded on core values that we will never compromise: (hard work, determination, trust, humility, integrity, and passion). Our goal is to create a program where all individual athletes have the same opportunity to grow and develop in skills and characteristic traits that they will apply in their future goals. Our dream is to create a program that feels like home to all staff, athletes, and their families. We want to build an environment where training focuses on precision over progression, to minimize injuries and mental blocks.

## Vision

Wisconsin Elite is a training facility built on precision before progression. We are determined to stand out in an ever-changing industry by embodying our core values. Our program success will be measured by each individual athletes' progression, and not by the trophies and titles won. Our program is dedicated to help build confidence in athletes' self-esteem. We will provide a safe learning environment through continued education for our coaches, including learning from industry leaders, and additional training courses.

## Mission

Wisconsin Elite is committed to providing a positive, fun, and Inclusive environment for athletes to grow and develop traits that will benefit them on and off the cheerleading mat and into their future goals. We strive to teach our athletes the importance of teamwork, discipline, hard work, motivation, perseverance, responsibility, and integrity. Our staff consists of caring and compassionate individuals that not only are dedicated to the sport, but also, dedicated to developing the character and skills of each individual athlete.

### HOW ARE TEAMS PLACED?

There may be athletes on any given team that tumbles at a different level than the rest of their team. Please remember tumbling is not the only category on the score sheet, stunting, pyramid, jumps, dance, and motions are all factors as well. Some athletes will be stronger tumbler than others, while others may contribute to stunting than others. Creating a successful team is like a giant puzzle piece making sure all fit together perfectly. Every athlete will be placed on a team where we think they will be the most successful on.

- Arrive **15 minutes early to ALL WI Elite events.** Late fee will be assessed for all athletes that arrive late to all events.
- Attend all regular practices and added practices throughout the season.
- Are expected to **watch and support the team** even if they are unable to participate during said practice. Example: injury or not feeling well. If you have a fever or vomiting, please stay home.
- **Notify coaches immediately when an injury occurs** so appropriate choreography changes can be made.
- If roster changes are made, and the team receives a US finals or Summit bid, your spot is not held. The roster is only allotted the number of athletes that were on the floor at the time the bid was earned, and you will be asked to become an alternate for the remainder of the season.
- If an **alternate or fill in is used and the team receives an end of season event bid, it is up to the alternate/fill in if they will compete** with the team at these events. The roster spot will go to the athlete on the floor when the team received the bid, unless its pre-determined in writing by both parties.

**Parents: Do not use withholding cheer practice as a form of punishment. You made a commitment, and you are letting down the entire team when you do not attend practice.**

# TEAM INFO

## WI ELITE COACHES RETAIN THE RIGHT TO:

- ★ Place athletes on team(s) they feel will best suit the athlete and program.
- ★ Decide if an athlete will be allowed to participate on more than one team.
- ★ Decide the roles/positions that each athlete will have on a team (for example, Flyer, Base, or Back Spot)
- ★ Request that a team/athlete practice longer than regularly scheduled and/or add additional practice times if needed.
- ★ Move, replace, add, suspend, or remove an athlete from a team for a period or indefinitely based on, but not limited to attendance, conduct, skill, finances, or parent conduct.

## SHIFT WEEK

All athletes will be reevaluated during shift week to allow us to build the strongest teams for our program. We understand that sometimes an athlete improves and perfects skills over the summer.

If you feel your athlete should have been placed on a higher-level team, shift week allows them to understand exactly what they need to improve on and push to that goal.

If your athlete was placed on a level and is no longer consistently throwing level appropriate skills a parent, athlete and coach meeting will be set up to discuss level appropriate teams or what classes/ private lessons should be taken advantage of and what skills need to be consistently thrown before shift week.

**Coaches are not required to wait until shift week to make roster changes, and changes can occur at any time during the season.**

## SHIFT WEEK EXAMPLES:

- Athlete was placed on a level 3 team and has a spotted tumbling skill, the meeting would state that they would have to throw it unspotted before shift week.
- Athlete is placed on a level 3 team but the athlete would better succeed on a level 2 team, during shift week the athlete would practice with level 2.
- Level 3 team needs a back spot, during shift week an athlete from another level may be asked to practice with the level 3 team.

## CROSSOVERS

It is a privilege to be selected to participate on more than one team. These athletes must:

- Understand that their **home team is their first team**, and they are asked to cross to their second team. They must **continue with their home team all season** to be able to participate with their second team.
- Be willing to **fulfill all responsibilities** required by each team.
- Be in **good financial standings** with the gym.
- **Be responsible** for any additional **entry fees** that they incur beyond their home team.

# SPORTSMANSHIP
