

CLARK DENTAL LABORATORY

I offer three options for your mouthguard needs;

Standard Colour Range - \$70.00

This is a range of Erkodent colours that I keep on hand.

As I buy them in bulk, I can pass on the savings to you.

I can offer a dual layer mouthguard from my Standard Colour Range for \$55.00.

Colours available are Gold, Light Blue, Dark Blue, Yellow, Green, Black, Red, White, Clear, and Pink.

Please see image for the colour range I keep on hand.

Special Order Colour Range - \$78.00

If your patient chooses a single or two colour blank from BriteGuard I can order it and fabricate a dual layer mouthguard in their team colours.

I can offer your choice of colour from the BriteGuard range for \$60.00.

Please note there will be a surcharge for triple colour or pearl / florescent blanks.

Triple Layer - \$95

If your patient is playing a high-risk sport like martial arts or boxing, then the Triple Layer may be the option for them.

The Triple Layer mouthguard has a 0.8mm hard middle layer that helps to disperse heavy impact over a wider area.

I can offer the Triple Layer in either Standard Colour Range or Special Order Colour Range for \$65.00.

Turn-around for mouthguards is currently 5 days plus shipping, please contact me if needed within a shorter timeframe.
