WELCOME TO RUNNER DUCK

In this menu you'll find our wine selection. If you're looking for something that isn't wine, look in the Not Wine menu.

Our list of 48 wines includes many of the most popular and recognisable grapes and styles alongside some more unusual picks that are well worth a try.

Don't worry if you know nothing about wine; we can help you find something that suits your tastes, so please don't be afraid to talk to our staff before you order.

We've set out our wine list in the following format to help you find what you're looking for and give you as much information as possible about what you're drinking:

All our wine contains sulphites, and some wines may contain other allergens; these are clearly marked on the menu, but if you have any allergies and would like more information, just speak to us before ordering.

We've done our best to source a range of wines to suit everyone. Over half our wines are suitable for vegans and vegetarians.

NATURAL BY THE GLASS

Natural wine can generally be defined as unfiltered, unfinned wine, made with minimal intervention, in small batches by organic or biodynamic vineyards.

Orange wine is the most recognisable example, but there are many styles out there, including rosé, red, and sparkling (pet nat). Natural wines are typically funkier, more vegetal and savoury than traditional wines. They may be cloudy and contain sediment.

125ml is our suggested measure for by the glass natural wine, for those who are new to the style. It is also available in 175ml, 250ml and by the bottle.

A LITTLE WORD ON OUR WINE FLIGHTS...

We love making wine flights; however, they do take longer for us to make than most other drinks, and they require a lot of glassware.

On occasion, if we're particularly busy or a lot of people are trying to order wine flights at the same time, we may politely refuse to make any more flights until it's feasible for us to do so. It's really rare for this to happen, so please don't let it put you off ordering a flight, but it does occasionally happen, and we thank you for understanding.

WINE TASTINGS

We run monthly wine tastings, usually on Thursday evenings and Saturday afternoons. All our wine tastings are designed, hosted and run by the Runner Duck team.

Our tastings are intentionally laid back and casual. They are designed to be fun, informative, and interactive. We don't just want to stand and talk at you about wine, we want to talk *with* you about wine. We want to know what you think, no matter how silly, and we want you to learn something whilst also having a good time.

You can buy tickets for upcoming tastings over the bar, or here:

PRIVATE WINE TASTINGS

We offer private wine tastings for groups of between 8 - 20 people. Private tastings are run in the same format as our public wine tastings, but we'll work with you to tailor the tasting to suit you and your guests.

Pricing starts at £25 per head and tastings run for approximately two hours. We don't offer private tastings on Friday or Saturday nights, but outside of that, we're happy to work with you to find a time that suits you.

If you'd like to know more, just ask us, or email contact@runnerducklancaster.co.uk
