

Everyday Faith

Sutton & Dad's

BIBLE ADVENTURES

EPISODE 01
Is God Really There?

EPISODE 1:

IS GOD Really There?

In today's episode, Sutton learned that even though we can't see God with our eyes, we can know He's real because of what He made!

Just like we know the wind is real when it blows or that a burger has a cook, we can look at creation and know there's a creator—God!

Because you can't have a creation without a creator.

Now have fun coloring and learning with these activities! Also, remember that you can rewatch the video to help you answer the questions.

We can see what God is
like, His power and nature,
By looking at the things
He _____.

ROMANS 1:20

THE BIG BOARD

Anyone who comes to
God must _____ that He
exists, and that He
rewards those who really
_____ Him. HEBREWS 11:6

The heavens Declare
the _____ of God.

PSALM 19:1

You can't have a creation without a creator...

...and nothing is made without a maker!

Let's Remember!

Today we learned that even though we can't see God, we can know He's real.

Why? Because Creation Points to a Creator. God made everything we see—Heaven, Earth, and YOU!

And when we look at all He's made, we're reminded that He's always there.

Remember—you're not alone. God made you, loves you, and has a Plan for you—every Day!"
