

Operation Golden Shield

Together We Can

Strengthening Communities and Supporting Those in Need

What is Operation Golden Shield?

- **National nonprofit** founded in 2020 during COVID-19 pandemic
- **Mission:** OGS is dedicated to providing immediate relief to individuals experiencing homelessness, including veterans and those in transitional housing. Through care package distributions, meal programs, and direct outreach, we mobilize volunteers to deliver essential supplies to support those in need
- **Who we serve:** Individuals experiencing homelessness, Veterans, and those in transition housing
- **What we do:** Mobilize volunteers and resources to deliver direct aid
- **Where we're going:** Building chapters nationwide

What We Do

Chapter Development

- National leadership supports high school students in launching their own OGS chapters
- Chapters plan and run independent service initiatives in their communities

01 Service Projects

- Organize events like assembling and distributing care packages to vulnerable populations
- Focused on direct, hands-on impact

02 Volunteer Mobilization

- Deploy OGS members to local organizations (e.g., soup kitchens, shelters)
- Partner with community programs to amplify service efforts

03 Fundraising & Resource Allocation

- Host fundraising events to support our mission
- Use funds to supply chapters and fund care package drives

Why Start a Chapter?

- Lead projects that make a tangible difference in your community
- Gain leadership experience running events, recruiting peers, and organizing service
- Join a nationwide student network of changemakers

How to Start a Chapter (3 Easy Steps)

1. **Reach Out** → Email us at **operationgoldenshield@gmail.com** or visit operationgoldenshield.com
2. **Establish Your Chapter** → OGS leadership will guide you through the setup process, connect you with other chapters, and support you as you get registered with your school administration as an official club/entity
3. **Launch Your First Project** → Whether it's a care package drive or partnering with a shelter, we'll help you kick off strong

How Supplies Work

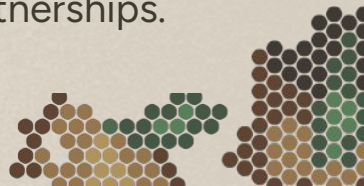

OGS provides a clear, structured system to make sure every chapter has the resources they need to succeed

1. Supply Access

- After registering as an official club, chapter presidents gain access to the OGS Supply Order Form. Student leaders can request materials (backpacks, hygiene kits, socks, etc.), and OGS ships supplies directly. Funds are managed centrally, so chapters don't have to handle money.

2. Fundraising & Growth

- Once established, chapters may host local fundraisers to expand their impact. The official OGS Venmo will be used at your fundraisers to collect donations, which are reported back to OGS for accountability. These funds can then be used to order additional supplies through our system or support local service partnerships.

Support From National Leadership

- Every chapter has the backing of OGS's national leadership
- Each chapter has full autonomy to shape its own projects, outreach, and culture in ways that fit the needs of its school and community. You'll never be left on your own, but you'll also have the freedom to lead and make an impact locally.
